

Pediatric Hair Solutions Launches Non-Toxic Lice Removal Service In Atlanta, GA

January 05, 2016

January 05, 2016 - PRESSADVANTAGE -

Pediatric Hair Solutions is proud to announce the launch of their non-toxic lice removal treatment programs in Atlanta to help families battling head lice by providing an advanced medical solution to kill lice and their nits naturally. The company is medically owned and operated.

Head lice is a common health care condition, especially among children in school settings. Pediatric Hair Solutions has introduced their unique non-toxic lice removal services in Atlanta. Led by a team of experts, the facility provides a 30-day guarantee for their 3-step AirAlle Medical device treatment.

Sheila Fassler, owner of Pediatric Hair Solutions said, "We wish to provide "best in class" and completely safe head lice treatments for families in Atlanta, GA."

Fassler says the 3-step head lice treatment includes an at-home pre-treatment, an in-office AirAlle treatment, and an at-home post-treatment. With their service announcement, the company also states that their

treatments are completely non-toxic and kid friendly. ?The treatment is completely suitable for people of all ages,? Fassler said. Treatment with the FDA cleared AirAlle medical device takes about 30 minutes to kill all lice and their nits.

Pediatric Health Solutions has a team of experienced experts and certified nurses to ensure clients get the best treatment in the most effective manner. Dedicated to providing the best possible experience for their clients, the facility provides flexible scheduling and weekend appointments.

Pediatric Hair Solutions is owned and operated by medical professionals. The facility is equipped with the latest technologies to render the best possible outcomes for their clients. With a study proving the 100% effectiveness of their treatment, the company has also offered a 30-day guarantee for the 3-step treatment process. With their non-toxic treatment now available, families have found an option to get a safe treatment at a reasonable cost in the Atlanta area.
