

Go Industries Unveils Best Grille Guard for Winch-Equipped Trucks with New Medium Duty Line

September 13, 2024

Richardson, TX - September 13, 2024 - PRESSADVANTAGE -

Go Industries Inc. has launched its latest product line, featuring Medium Duty Grille Guards. Based in Richardson, Texas, the company has been providing truck accessories, law enforcement equipment, and custom manufacturing services since 1978. This new product aims to offer strong protection and functionality tailored for various truck models, such as the Chevrolet C4500, Chevrolet C6500, International CV515, Ford F650, and Ford F750.

The new Medium Duty Grille Guards are designed to meet the tough demands of truck owners and operators. They are easy to install without the need for any cutting or drilling. Designed with a tilt body feature, the grille guards can move forward, allowing for easy hood access. Each unit includes a secure locking mechanism with two OEM-style latches and safety pins. Additionally, the winch tray included can hold up to a 16.5k winch and is compatible with most brands available on the market.

"The launch of our Medium Duty Grille Guards shows our commitment to providing top-quality products that

meet our customers' needs," said a representative from Go Industries. "These grille guards offer superior protection and functionality and are designed to handle heavy-duty use. We focus on ensuring quality and durability in every product we make."

The company's Medium Duty Grille Guards are fully welded and equipped with headlight brush guards made out of 1.9", 14-gauge tubing, and 2.5" center cross tubes. The center screen is laser cut from 18-gauge material, offering extra durability and strength. To cope with varying environmental conditions, the product has a black textured powder finish. Like all Go Industries products, these grille guards are proudly made in the USA, ensuring excellent craftsmanship and reliability.

Truck owners and operators looking for the best grille guard for winch applications will find Go Industries' new Medium Duty Grille Guards to be an excellent choice. These grille guards not only offer strong protection but also enhance the overall functionality and durability of the trucks.

Besides the new grille guards, Go Industries provides a range of truck accessories, such as headache racks, bumper replacements, and other protection options. The company's dedication to serving both consumers and professionals is clear in their wide product line, which includes specific accessories for Chevrolet, Dodge, and Ford vehicles, along with skid plates for added vehicle protection.

Go Industries also supports the law enforcement sector, supplying specialized equipment designed to improve the functionality and safety of law enforcement vehicles. Their products for this sector include vehicle-specific accessories and protective skid plates built to withstand tough driving conditions and off-road terrain.

For customers with unique needs, Go Industries offers custom manufacturing services. Customers can request quotes for custom products directly through the company's website, ensuring their specific requirements are met with precision and expertise.

Those in need of winch grille guards for trucks will appreciate the sturdy design and ease of installation offered by Go Industries' latest product line.

"Our goal is to deliver products that not only meet but exceed our customers' expectations," said another spokesperson from Go Industries. "By offering custom manufacturing services, we can adapt our solutions to address the unique challenges faced by each of our clients. Whether it's for a fleet of trucks or specialized law enforcement vehicles, our custom options ensure that every detail is considered."

To further support customers, Go Industries provides various resources, such as product instructions, catalogs, warranty information, and instructional videos. The company also holds a Platinum Status with

SEMA, indicating their high level of service and product quality.
