Utah Motivational Speaker Launches New Website

February 03, 2016

February 03, 2016 - PRESSADVANTAGE -

Griffin Motivation, which is based in West Jordan, Utah, is proud to announce the launch of their brand new website. The website is designed to introduce the services offered by the company, as well as enable people to book a speaking engagement with motivational speaker and inspiring author Jeff Griffin himself. Griffin currently has one bestselling book and will soon release a second one, details of which will also be highlighted on the new website. The new website can be accessed through www.griffinmotivation.com.

Jeff Griffin, founder and owner of Griffin Motivation, says: "My goal is to show people how to turn the impossible into the possible. My first book, "I'mPossible: Desire, Dream, Do", has been a bestseller and I am so proud to have helped so many people. I promise my second book will be equally as good and I encourage everyone to check out my new website, and to return to it often, so you will know as soon as it is released."

While the new website provides an opportunity for Griffin to promote his two books, he is also strongly focused on having more public speaking engagements. During these events, the popular speaker goes through the key parts of his book, helping people to become sufficiently motivated to take control of their own life and achieve their dreams. His motto of 'desire, dream, do' is the secret sauce through all of this. He encourages people to want something, dream about having it and then taking the appropriate steps to actually getting it. Details about his past and upcoming speaking arrangements as well as the opportunity to

book him can be found at www.griffinmotivation.com/speaking.

As a motivational speaker, Griffin has been very well-received. "Jeff's talk on Desire, Dream, Do is truly life changing" says Tony C. from Zions Bank. "He needs to be in every corporation doing what he does best - sharing his story and inspiring others to greater potential, at work and out of work."

Jeff Griffin also wants to encourage people to like his Facebook page on <https://www.facebook.com/griffinmotivation/?fref=ts> to be kept up to date with his upcoming book and speaking engagements.
