April 02, 2025 - PRESSADVANTAGE -

Spencer Freiman, the founder of Outdoor Lighting Concepts, has been honored with the WAC Landscape Lighting Platinum Contractor of the Year award for 2024. This recognition highlights his important contributions to the landscape lighting industry and his dedication to delivering top-quality work.

Freiman is hands-on with every project that Outdoor Lighting Concepts takes on. His approach involves turning his clients' outdoor lighting ideas into reality, which consistently improves the look and function of both homes and businesses. Outdoor Lighting Concepts provides a range of services, from residential to commercial lighting solutions, known for their precise designs and useful benefits. For more information on their comprehensive offerings, visit their website at [outdoorlightingconcepts.com](https://www.outdoorlightingconcepts.com).

"It's an honor to win the WAC Landscape Lighting Platinum Contractor of the Year award; it shows our team's commitment to quality and creative designs," said Ryan Zimmerman, a representative from Outdoor Lighting Concepts. "We aim to offer our clients the best service and imaginative outdoor lighting designs."

Freiman's skills are recognized beyond just awards. He often shares his expertise at industry events, including an appearance as a panelist for a free online event hosted by Lawn & Landscape Magazine. This highlights his pivotal role in shaping the industry and staying on top of the latest lighting trends.

Outdoor Lighting Concepts offers a full range of services. Their residential lighting enhances curb appeal and lights up decks, patios, and gardens with beautifully designed lighting systems. These installations not only illuminate but also add safety and security. Those interested in learning more about their residential lighting options can find detailed information at outdoorlightingconcepts.com/residential-lighting.

The company is also strong in commercial lighting. They install systems that highlight architectural features and signage, making businesses more noticeable and inviting. They also offer a "Color Systems" service, letting clients pick from a variety of colors to customize their outdoor lighting for different moods and settings. Information on their commercial lighting services is available at outdoorlightingconcepts.com/commercial-lighting.

Besides lighting, Outdoor Lighting Concepts provides outdoor audio services, offering top-quality sound systems for outdoor environments. These systems are made to endure weather changes while delivering great sound, perfect for outdoor entertainment areas.

Regular maintenance is another key part of their offerings, ensuring clients' lighting systems stay in top condition. This includes routine inspections, cleaning, and important upkeep tasks like replacing bulbs, which helps extend the life and efficiency of lighting installations.

Spencer Freiman's dedication is clear in how he has built Outdoor Lighting Concepts into one of the respected landscape lighting companies nationwide. This award not only celebrates his successes but also establishes a standard for quality and new ideas in outdoor lighting.

"Working in the landscape lighting near me industry has shown me how impactful the right lighting can be for outdoor spaces," said Zimmerman. "We focus on creating systems that balance function and beauty."

As leaders in landscape lighting, Outdoor Lighting Concepts continues to push boundaries with their high standards and innovative designs. The WAC Landscape Lighting Platinum Contractor of the Year award acknowledges the company's commitment to excellence and its leading role in the field. By striving to consistently surpass expectations, Outdoor Lighting Concepts remains at the forefront of the industry, offering unmatched services to a diverse range of clients in different locations.
