

Smile Design Offers Latest in Dental Implant Treatment Technology

January 28, 2016

January 28, 2016 - PRESSADVANTAGE -

Smile Design and Dr. Charlie Turner offer the area's premier dental implant treatment technology, providing patients with the alternative to restore missing teeth or seamlessly anchor dentures with dental implants. Dr. Charlie Turner offers dental implants as restorative therapy, denture anchors.

According to the team at Smile Design, patients no longer have to settle for dentures or deal with missing teeth. New dental implant technology means a new alternative to these issues. Dr. Turner works with Paul Stone BDS, FDS, RCS, one of the nation's leading dental implant surgeons, to place and restore implants.

Smile Design has offered dental implants for 22 years and is excited to continue to offer the best in dental implant technology. More information can be found at <http://www.smiledesign-perth.co.uk>.

About Smile Design
