

The Louisville HVAC Company Expands to Southern Indiana With Exclusive Promotions and 24/7 Service

May 20, 2025

Louisville, Kentucky - May 20, 2025 - PRESSADVANTAGE -

Louisville HVAC Company, a trusted heating and cooling provider serving Louisville, Kentucky, and Southern Indiana, announces a renewed focus on year-round comfort solutions for residential and commercial clients. With a commitment to excellence, fast response times, and expert-level service, the company continues to raise the bar for HVAC service across the region.

Led by owner Jack Hanson, Louisville HVAC Company has earned a reputation for dependable, customer-focused work supported by decades of combined experience in heating, cooling, and indoor air quality services. Technicians are trained to diagnose issues quickly, recommend cost-effective solutions, and complete work to the highest standards. Each service is backed by fully licensed, bonded, and insured professionals with the skill and tools to handle any size project.

Louisville HVAC Company specializes in the installation, repair, and maintenance of all major HVAC systems, including air conditioners, furnaces, heat pumps, ductless mini-splits, and thermostats. The company offers 24-hour emergency service with no overtime charges, ensuring critical systems are restored quickly during nights, weekends, or holidays. This policy reflects the company's mission to prioritize comfort, safety, and accessibility for all customers regardless of schedule or circumstance.

All services are priced with flat-rate transparency, allowing property owners to approve work with confidence and avoid hidden costs. In addition to repairs and installations, the company provides preventative maintenance agreements to extend the life of HVAC systems, reduce energy costs, and avoid costly breakdowns. Each visit includes a multi-point inspection, filter replacement, and efficiency optimization tailored to the equipment and space.

Louisville HVAC Company also provides free replacement estimates and consultation services to assist property owners with system upgrades. These estimates include a full breakdown of available options,

projected performance, energy efficiency comparisons, and recommendations based on property size, usage habits, and budget. Flexible financing is available, helping customers manage the cost of new HVAC systems without delaying needed upgrades.

With demand for energy-efficient HVAC technology on the rise, Louisville HVAC Company offers a wide selection of high-SEER-rated air conditioners, variable-speed furnaces, and smart thermostats. These systems are designed to improve comfort while reducing monthly utility bills and environmental impact. The company remains dedicated to staying ahead of HVAC trends through ongoing technician training and supplier partnerships with leading equipment brands.

In addition to traditional heating and cooling systems, the company supports advanced indoor air quality solutions such as whole-home air purifiers, humidifiers, dehumidifiers, and fresh air ventilation systems. These options are particularly valuable for families with allergies, asthma, or heightened health concerns, and they help ensure that indoor environments remain clean, balanced, and breathable throughout the year.

Customer feedback regularly highlights the team's professionalism, courtesy, and technical skill. Reviews frequently reference fast turnaround times, clear communication, and a willingness to go above and beyond during service calls. This consistent performance has helped the company grow its presence in the Louisville market and expand service into surrounding areas of Southern Indiana.

Louisville HVAC Company also supports the community through local sponsorships, employee development programs, and discounts for military personnel, first responders, and senior citizens. The company believes in giving back to the area it serves and building lasting relationships with customers and local partners.

With seasonal extremes becoming more unpredictable, the company remains focused on delivering consistent, high-quality service that customers can count on no matter the temperature. From emergency furnace repairs in winter to proactive AC tune-ups in spring, every call is treated with urgency and care.

Louisville HVAC Company is located at 6220 Winding Stream Dr., Louisville, KY 40272. Service is available across the greater Louisville area and into key cities in Southern Indiana. For service appointments, free system estimates, or emergency response, customers can call (502) 365-5299 or visit <https://www.louisvillehvaccompany.com>. Additional information, including seasonal specials and maintenance plan enrollment, is available on the company's website.
