

Will Scott, AI SEO Expert Shares AI SEO Insights at Pubcon Pro 2025 in Austin

June 12, 2025

Al SEO agency Search Influence announced that its CEO and Co-Founder Will Scott, an Al SEO Expert, will be a featured speaker and moderator at Pubcon Pro 2025, held June 19-20 in Austin, Texas.

Will will share insights on how artificial intelligence is transforming SEO workflows and what it means for agencies and in-house marketers. He is scheduled to speak in sessions titled ?AI-Powered Agencies: Automate 80% of Your SEO Work,? and ?AI and SEO Content Generation.?

In ?AI-Powered Agencies: Automate 80% of Your SEO Work,? Will will outline the systems and strategies that allow marketing teams to integrate AI into their day-to-day SEO operations. Rather than replacing marketers, AI tools enable greater efficiency, faster execution, and a stronger focus on strategic thinking. Will will demonstrate how agency leaders can use AI not just to cut costs, but to elevate the quality and consistency of their SEO services.

Later that day, Will will speak in ?Al and SEO Content Generation,? a forward-looking panel featuring experts

discussing the tools and techniques reshaping content development. The session will address challenges like maintaining originality, ensuring accuracy, and aligning content with search intent in an Al-driven environment. With his background in both technical SEO and content strategy, Will will guide the conversation toward practical, future-ready insights that attendees can bring back to their teams.

?AI isn?t just changing how we do SEO, it?s redefining what effective search optimization looks like. From content creation to technical implementation, AI enables us to work smarter, move faster, and deliver more value. The marketers and agencies who embrace this shift will gain a major competitive edge, while those who resist risk being left behind,? said Will Scott.

Will Scott is a nationally recognized digital marketing leader and the CEO and Co-Founder of Search Influence. Known for coining the term ?barnacle SEO? in 2008, he has been at the forefront of search innovation for over two decades. As a full-time faculty member at Local U, Will is a frequent speaker at major industry conferences, including SMX and Pubcon.

Pubcon Pro 2025 will spotlight the growing role of AI in digital marketing, with sessions focused on SEO automation, paid media, and technical strategy. Attendees can expect practical insights from industry leaders, hands-on learning, and valuable networking opportunities. The conference draws agency owners, in-house marketers, and digital professionals from across the country.

As AI becomes increasingly responsible for what users see first in search, Search Influence has focused on helping clients optimize for this new reality. Their AI SEO methodology emphasizes topical relevance, structured formatting, entity clarity, and performance tracking to ensure their clients' content is both machine-readable and human-relevant.

In higher education in particular, Search Influence has developed a tailored service offering designed to help colleges and universities navigate the shift to AI-powered search. The firm?s Higher Ed SEO Roadmap provides marketing teams with a structured action plan to future-proof their content strategy and maintain visibility with prospective students, faculty, and donors.
