February 25, 2016 - PRESSADVANTAGE -

Cutting Horse Training Online.com (CHTO) is proud to announce its release of the new ?Trainer?s Directory? section on their website.

The Trainer?s Directory features all 48 trainers that are signed with CHTO, including world-class names such as, Jonathan Rogers, Matt Gaines, Michael Cooper, Paul Hansma and Scott Amos.

The Trainer?s Directory allows CHTO users to get to know their trainers on a personal level and have access to information such as: origin, prize money won, titles won, top horses trained and more.

?Cutting Horse Training Online.com wanted for you to get to know the man behind the trainer,? said CHTO co-founder Simone Cobb. ?This is a great resource for people to contact trainers, as well as a reference to their achievements.?

Access to this information can help determine users which trainer correlates with their values and who they should pay attention to or follow in the arena. All 48 trainers go into detail about why and how they started,

challenges and mistakes they've faced, as well as the top myths in the business.

Cutting Horse Training Online strives to bring quality insight and knowledge to members about the industry by sharing personal and exclusive information about elite trainers," said Cobb. "CHTO continues to expand and find ways to maximize the training experience by bringing the reality of the arena to you."
