May 19, 2016 - PRESSADVANTAGE -

Josh Kindlesparker with Carpenter Realtors, a realty business in Anderson, IN, is proud to have launched his Veteran Only Program. This program is designed, as the name suggests, for veterans and helps them to stay away from the predators in the home buyer and selling industry. This is achieved through significant advice, information, and guidance.

Josh Kindlesparker states: "The home buying and selling market is filled with predators who want to con people into the wrong deal. Veterans and active duty military are at particular risk of being targeted by them. I am a trained Certified Military Residential Specialist, which means I have full understanding of how to get the best options for military personnel and how to make sure that they don't fall victim to these con artists."

Josh Kindlesparker wants to provide veterans and active duty military with all the information and knowledge they need to make sure that they are protected at every step of the way and know what to look for when purchasing a home. Carpenter Realtors encourages active duty and veteran military personnel to contact

them as soon as possible in order to find out what type of options are out there for them, but also to check that they are not falling victim to predators.

Those who have worked with Josh in the past have been full of praise about the services that they have received. "Hello Josh," say the Hites. "The wife and I just wanted to thank you and Carpenter Realty for all you did to get a speedy closing and dealing with a first time HUD home purchase, that I might say is a learning curve on it's own, but you helped us through and we are working on our new home as you promised in a shorter time than expected, so thanks again and good luck to you."

As a Certified Military Residential Specialist, Kindlesparker has all the knowledge and training to assist people through their home buying or selling experience. Those who believe they are eligible to buy a home are encouraged to contact him as soon as possible.
