Carpenter Realtors, which is based in Indianapolis, Indiana, has been named as one of the Top 100 Real Estate Firms in the USA by Real Estate News. The company has recently announced that they have been included in the list, and shared some insights into what has made them eligible for such an honor.

Josh Kindlesparker with the real estate firm says, "A large part of what has made Carpenter Realtors so steadily successful over the years is its commitment to building the right relationships with quality vendor partners who deliver needed products and services to Carpenter's agents and their consumers."

Kindlesparker states that the firm is very pleased to have been chosen as part of the list, and that they plan to continue their high level of customer service, which is the main reason they were chosen. He points out, "The Carpenter Realtors Marketing System is always being improved to best showcase our clients' homes and get them sold."

The list, which is available on RISMedia, showcases the top realtors in the United States. Out of potentially thousands of realty firms, the governing organization chooses 100 realty firms that show the best level of services for their clientele.

John Featherston, President and CEO of Ris Media congratulated the realty firm, saying that home buyers and sellers today need credible agencies to assist them, particularly when given the challenges in today's real estate market. He went on to say that Carpenter Realtors has met and surpassed the needs of its clients.

The realty firm has already served more than 7,000 families throughout Indiana with their real estate needs, amounting to more than \$1 billion in real estate value in the past year. Kindlesparker says, "We are dedicated to each and every client, and will do everything in our power to ensure that our clients are satisfied with every transaction we complete."
