

TDE Wedding Highlights In-House Wedding Photographer Approach for Bay Area Couples

September 09, 2026

MILLBRAE, CA - September 09, 2026 -

TDE Wedding, a full-service wedding planning and photography company based in Millbrae, California, is drawing attention to the role of professional photography within its all-inclusive production model as demand grows for coordinated wedding services across the San Francisco Bay Area Peninsula and South Bay.

Founded in 2007, TDE Wedding has photographed and produced weddings across the San Francisco Bay Area from its Millbrae studio, developing particular depth in Chinese and Asian wedding traditions. Legally operating as The Day Entertainment, LLC, the company serves communities including Millbrae, Palo Alto, Hillsborough, Redwood City, Portola Valley, San Carlos, San Mateo, and Menlo Park. TDE Wedding in Millbrae functions as the base for a team that manages photography and cinematography alongside a full range of related services.

Unlike arrangements that require couples to hire separate vendors, TDE Wedding coordinates photography, cinematography, planning and coordination, DJ and MC services, floral and decor, hair and makeup, lighting,

and photo booths through a single in-house team. The company reports that this structure allows photographers and videographers to work in close coordination with planners and other staff throughout the wedding day, reducing scheduling conflicts and communication gaps that can occur when multiple outside vendors are involved.

"Photography is not a standalone service on a wedding day, it is woven into the timeline of every other element," said Otis Fang, founder of TDE Wedding. "When the same team handles the coordination, the lighting, and the floral setup, the photographers already know the schedule and the layout. That familiarity shows up in the images."

The company's experience with Chinese and Asian weddings informs how it approaches both photography and the broader event. These celebrations often include specific ceremonies, family customs, and cultural details that require knowledgeable handling. TDE Wedding notes that its team plans photographic coverage around these traditions rather than treating them as secondary moments.

"Couples planning weddings with cultural traditions want a team that understands the sequence of events without being told," Fang said. "Knowing when a key moment is about to happen means the camera is already in the right place."

TDE Wedding offers tiered packages under the names Glow, Glam, and Glitz, along with a Lite Express option for couples seeking a more streamlined arrangement. The company is an official San Francisco City Hall wedding vendor, providing services for ceremonies held at that location as well as at venues throughout the region.

The growth of interest in consolidated wedding services reflects a broader trend among couples who prefer a single point of contact over managing numerous independent contractors. TDE Wedding positions its photography offering within that framework, presenting image capture as one coordinated part of a larger production.

The Day Entertainment, LLC, doing business as TDE Wedding, is a full-service, all-inclusive wedding planning and photography company founded in 2007 and based in Millbrae, California. The company serves the San Francisco Bay Area with a focus on the Peninsula and South Bay and specializes in Chinese and Asian weddings.
