

Fohn Funeral Home Expands Cremation Services with On-Site Crematory and Chapel

August 27, 2026

CASSVILLE, MO - August 27, 2026 -

Fohn Funeral Home, the family-owned funeral provider serving Cassville, Wheaton, and the surrounding Southwest Missouri communities, has expanded its offerings to include cremation services alongside its traditional funeral and burial options. The expanded services give families the flexibility to choose the type of service that best reflects their loved one's life and aligns with their own wishes.

Owned and operated by Todd and Bethany McCoy, the funeral home has served area families since 1990, bringing more than 33 years of experience to end-of-life care. The addition of Fohn Funeral Home Cremation Services allows the entire process to be handled at a single location, from the initial arrangement through the final memorial.

The facility includes an on-site chapel, viewing rooms, reception space, and an on-site crematory. This combination allows families to remain in one comfortable, dignified setting suited to both intimate family gatherings and larger memorial services. Keeping the process at one location means loved ones stay in the

care of the same staff throughout.

Cremation can be paired with a formal or memorial service, a visitation, or arranged as part of a pre-planned and pre-funded arrangement. Pre-planning allows families to make these decisions in advance rather than under emotional strain, and it provides a way to record final wishes and manage costs ahead of time.

"Families in Southwest Missouri have told us they want more choices and the ability to keep everything in one place," said Bethany McCoy, co-owner of Fohn Funeral Home. "Adding an on-site crematory means we can care for a loved one from start to finish without transferring them elsewhere, which brings families a measure of comfort during a difficult time."

The funeral home continues to provide traditional funeral services, memorial services, graveside ceremonies, and pre-planning resources. Staff also assist families with obituary services, allowing life stories to be shared online where friends and relatives can leave condolences and memories. Grief support resources, including a grief library, are available to help individuals cope in the weeks and months following a loss.

Fohn Funeral Home also offers specialized assistance for military veterans, including the arrangement of military honors and guidance on veterans' burial benefits. The funeral home has implemented enhanced safety practices at its facilities in response to evolving community and health considerations, adapting its services to remain accessible and comfortable for all families.

"Whether a family chooses a traditional burial or cremation, our focus stays the same," McCoy said. "We want to help people honor a life in a way that feels right to them, and pre-planning gives them the chance to make those decisions thoughtfully rather than in a moment of grief."

Fohn Funeral Home has served the Cassville community for more than three decades, with McQueen Funeral Home serving the Wheaton area. The funeral home combines traditional services with modern approaches to grief support and memorial planning, offering funeral planning, obituary services, grief support, pre-arrangement planning, funeral merchandise, immediate need services, and veteran information to families throughout Southwest Missouri.
