Easterling Family Law Wins 2026 Top 5 Award for Divorce Representation

August 25, 2026

Matthews, North Carolina - August 25, 2026 -
Easterling Family Law, PLLC has been named a 2026 Top 5 Award Winner for divorce representation in Mecklenburg County by Business Rate, a recognition based on a comprehensive analysis of verified public Google reviews. The distinction places the firm among the top percentile of regional legal practices evaluated for client trust and quality of legal service.

Business Rate determined the award through an examination of verified client feedback, measuring factors such as responsiveness, quality of representation, and overall client satisfaction. According to the organization, firms earning a place among the top five were selected from a broad field of family law practices serving the county, with rankings reflecting sustained patterns of positive client experiences rather than isolated results.

The recognition highlights the firm's focus on client-first service in complex family law matters, including divorce, custody disputes, and related proceedings. Verified reviews cited by Business Rate pointed to compassionate legal support and attentive guidance during emotionally difficult circumstances, elements that contributed to the firm's standing among regional practices.

"This recognition reflects the trust that clients place in the firm during some of the most challenging moments of their lives," said Lindsey Easterling, founder of Easterling Family Law. "Divorce and custody matters carry real weight for families, and the goal has always been to combine strong legal representation with genuine care for the people involved. Being ranked among the top firms in Mecklenburg County affirms that approach."

The award arrives at a time when families navigating separation increasingly seek legal counsel that balances technical skill with personal attention. Legal industry observers note that client review data has become a meaningful measure of service quality, offering prospective clients insight into how a firm handles sensitive cases from beginning to resolution.

Easterling explained that the firm's methodology centers on clear communication and individualized strategy. "Every family situation is different, and there is no single template for resolving these cases," she said. "The recognition from Business Rate is tied directly to feedback from the people served, which makes it especially meaningful. It reflects a commitment to listening carefully and advocating effectively at each stage."

The firm's placement in the top percentile of regional practices underscores a broader emphasis on community dedication. Family law disputes often intersect with matters of parenting, financial stability, and long-term wellbeing, and the recognition points to the firm's role in guiding clients through those intersecting concerns with steady support.

Easterling Family Law concentrates on family law matters within North Carolina, representing clients in divorce, child custody, support, and related proceedings. The practice is led by Lindsey Easterling and emphasizes attentive, individualized counsel for families across the Mecklenburg County region. The firm's approach centers on combining legal experience with responsive client care throughout each case.
