

Rag Mops Cleaning Service Supports Local School Auctions and Fundraisers in 2026

August 14, 2026

Lewisville, Texas - August 14, 2026 -

Rag Mops Cleaning Service has provided donations and support to several local elementary school auctions, fundraisers, and community programs throughout 2026. The contributions include assistance directed to Forest Vista Elementary, Prairie Trail Elementary, the Marcus High School Band, St. Ann's Catholic Church Carnival, and Temple Baptist Church.

The ongoing community involvement reflects the company's practice of backing educational and youth-oriented initiatives in the area. Support of this kind helps organizations raise resources for student activities, equipment, and events that benefit families and participants.

Debi Bascue, co-founder and owner of Rag Mops, commented on the company's approach. "We're excited to support local students through the sports teams and clubs that help them grow, learn, and build confidence. Investing in young people is an investment in the future of our community."

Rag Mops Cleaning Service has operated as a residential cleaning provider for more than two decades. The business offers standard recurring cleaning, deep cleaning, custom cleaning, and move-in or move-out

services. Its work focuses on consistent, professional results for households while maintaining participation in local causes.

Bascue offered additional perspective on the value of these programs. "High school sports and clubs give students opportunities to discover their passions and develop leadership skills. We're proud to play a small part in helping those programs continue to thrive."

Elementary school auctions and fundraisers commonly generate funds for classroom resources, enrichment activities, and campus improvements. High school band programs and related clubs rely on community contributions to cover operational needs, travel, and student opportunities. Church-sponsored events such as carnivals and related fundraisers similarly draw on local business participation to support broader community gatherings.

Rag Mops' contributions form part of a pattern of engagement with area schools and organizations. The company has previously supported youth sports teams, local events, and related initiatives that serve families. This year's assistance extends that record across multiple educational and community settings.

Community support from established local businesses often helps sustain programs that might otherwise face resource constraints. In the case of school auctions and band activities, such backing can translate into tangible benefits for students through improved materials, expanded activities, or continued program operations. Church events benefit from similar participation that strengthens neighborhood connections.

Debi Bascue established Rag Mops in the early 2000s and has guided its development while emphasizing both service quality and community ties. The company employs trained cleaning professionals and maintains a client-centered approach across its service area. Long-term relationships with households have developed alongside the business's involvement in local causes.

The 2026 donations align with broader efforts by area enterprises to contribute to educational and youth development opportunities. Elementary programs introduce younger students to collaborative activities and fundraising concepts, while high school clubs and bands foster discipline, teamwork, and leadership. Community events hosted by churches provide additional venues for family participation and support.

Rag Mops Cleaning Service continues to balance its primary operations with selective community engagement. The company's residential cleaning work remains centered on reliability and attention to client needs, while its support for schools, bands, and local events reflects a parallel commitment to the areas it serves.

As educational and community organizations plan future activities, sustained participation from local

businesses remains a factor in program continuity. Rag Mops' 2026 contributions to Forest Vista Elementary, Prairie Trail Elementary, the Marcus High School Band, St. Ann's Catholic Church Carnival, and Temple Baptist Church illustrate one example of that participation in action.

The company plans to maintain its focus on professional residential cleaning services while remaining attentive to opportunities that benefit students and community programs. Through consistent operations and selective support of local initiatives, Rag Mops continues its established presence as both a service provider and community participant.
