

Sell Your Property For Free With Martin & Co Ashford

May 26, 2016

May 26, 2016 - PRESSADVANTAGE -

Martin & Co Ashford, an estate agent in Ashford, Kent, United Kingdom, is proud to announce the launch of a new service that enables homeowners to sell their properties for free. This is in addition to a hybrid internet fixed price service offer, as well as a traditional service at a 1% fixed commission. The estate agent encourages any home seller to contact them as soon as possible to get the ball rolling.

Kevin Hall from Martin & Co Ashford says: "We offer the best deal to home sellers through our fully inclusive and completely transparent sales fee. We are able to offer flexible fee structures that suits the needs of our clients. In addition to our market leading fixed fee of 1%, we are able to offer a service where we sell the property for free or a fixed fee internet style service. We do not, however, offer a cut price service. Rather, we are committed to quality across the board."

The company employs highly experienced professionals and has been very successful in the property market. They credit this to their commitment of always getting the best deals for each of their clients. One way in which they achieve this is by offering a personalized, individual service to their clients, thereby also helping them lower the stress that comes with a house move.

Those who have worked with the estate agent have been incredibly pleased with the results. "Always a

friendly face in the office willing to help," says Gary M. on the company's Facebook page on <https://www.facebook.com/macashford>. "Problems are solved without drama or fuss. Have recommended the service to several people without hesitation."

Martin & Co uses the latest technologies that are available, while also focusing on more traditional methods of selling homes. All properties are listed on Rightmove, for instance, as can be seen on <http://www.rightmove.co.uk/estate-agents/agent/Martin-and-Co/Ashford---Lettings-and-Sales-17291.html>. Furthermore, the company can provide people with mortgage advice as well.

The new free listing service and the 1% commission service are both fully comprehensive. They include photography for floor plans, EPCs (energy performance certificates), and Rightmove listings. The estate agent is unique in this. Additionally, as part of their personalized service, they will accompany prospective buyers on viewings to ensure this element of the sales process is handled properly as well.
