

McDougal Law Firm Expands Comprehensive Criminal Defense Services in Sugar Land

August 17, 2026

August 17, 2026 -

The Law Office of Larry McDougal is a criminal defense law firm based in Richmond, Texas, serving clients throughout Fort Bend County, including Sugar Land. Led by former police officer, prosecutor, and past State Bar of Texas President Larry P. McDougal, Sr., the firm provides representation in misdemeanor, felony, state, and federal criminal defense matters.

The Law Office of Larry McDougal has announced the expansion of its comprehensive criminal defense legal services for residents facing state and federal charges in Sugar Land and surrounding Fort Bend County communities. The practice continues to broaden its client representation across a wide spectrum of criminal law matters, including driving while intoxicated (DWI), drug allegations, domestic violence charges, juvenile offenses, weapons violations, and post-conviction relief. This operational expansion aims to ensure that individuals in the local community have access to diligent defense counsel during every stage of the legal process. They provide legal counsel to those looking for a criminal defense attorney in Sugar Land or surrounding areas.

Founded by attorney Larry P. McDougal, Sr., the firm brings decades of combined legal and law enforcement insight to criminal defense litigation. Prior to establishing his defense practice, Mr. McDougal served as a police officer, a deputy sheriff, and a prosecutor. This multi-faceted background provides the firm with a deep structural understanding of police procedures, evidence collection protocols, and prosecution strategies in Texas courts. By combining firsthand knowledge of law enforcement investigation techniques with extensive courtroom trial experience, the firm evaluates every case from multiple legal perspectives.

With the expansion of services in the Sugar Land area, the firm provides defense representation across key practice areas, including driving while intoxicated (DWI) charges, administrative license revocation (ALR) hearings, driver's license suspensions, state and federal drug offenses, violent crime charges, domestic assault allegations, weapons violations, and juvenile justice defense. In addition, the firm assists eligible individuals with record clearing through expungements and non-disclosure orders to help seal or clear past criminal records, allowing clients to move forward without the burden of a visible arrest history.

In addition to primary litigation services, the Law Office of Larry McDougal provides pre-indictment representation, probation violation defense, and post-conviction appeals. The firm's legal approach focuses on examining the initial traffic stop or police contact, evaluating search warrants for constitutional compliance under the Fourth Amendment, verifying the technical calibration and maintenance records of breath testing equipment, and scrutinizing witness statements for potential inconsistencies. Every aspect of the prosecution's evidence is rigorously reviewed to ensure that constitutional protections are fully upheld throughout the judicial proceedings.

Navigating the Texas criminal justice system requires an early, detailed review of all procedural facts to identify potential legal defenses and mitigate statutory penalties. From misdemeanor offenses heard in county courts to serious felony indictments in state district courts or federal jurisdictions, the firm works to protect the rights, reputations, and futures of individuals accused of criminal conduct.

The firm works directly with clients throughout Sugar Land, Richmond, Rosenberg, Missouri City, Stafford, and greater Fort Bend County. Initial consultations are available to review pending charges, discuss potential legal options, evaluate defense strategies, and answer complex questions regarding court appearances and bail bonds. For more information about criminal defense services or to schedule a consultation with a criminal defense attorney in Sugar Land, call the Law Office of Larry McDougal.
