Makeup Organizer Breaks the Cosmopolitan Collection Company Record

May 23, 2016

May 23, 2016 -
Cosmopolitan Collection?s summer review goal of receiving 100 reviews averaging 4 out of 5 stars on Amazon by June 21st, 2016 has been beaten an entire month early with a total of 143 reviews with 4.3 out of 5 stars on Amazon as of May 21st, 2016.

With 4.3 stars and 143 reviews, Cosmopolitan Collection?s recently introduced acrylic makeup organizer has been a topic of conversation on Amazon with many happy customers leaving behind detailed and positive reviews. Many corporations set goals as a target to inspire employees and strive for, rarely expecting to reach them; however, this company has surpassed their goals early. Cosmopolitan Collection?s spokesman, Rob Bowser, commented on the phenomenon smirking, ?...to pass our goals this early on by this much tells me that we weren?t thinking big enough from the start, but I?m still pleasantly surprised. This is a new company record, and people obviously love our organizer.? Featuring clear acrylic resin that is injection molded into a robust and sturdy makeup organizer, the cosmetics storage device is appropriate for both men and women.

The Cosmetic Storage and Makeup Organizer from Cosmopolitan Collection includes four drawers, 12 small slots, one large shelf, and three rear reservoirs. Many reviewers of the makeup organizer on Amazon commented that the four drawers are shallow enough to support makeup brushes, eyeshadow palettes, and foundation applicators. The 12 small slots are also designed specifically to hold lipsticks, lipglosses, and small makeup bottles. Featuring a removable top section, the makeup organizer is intended to have a maximum makeup storage capacity when the two separate pieces are placed side by side on a flat surface. Furthermore, the rear reservoirs of the cosmetic organizer are adequate in storing tall brushes, pencils, and thin makeup cases. Because the acrylic makeup organizer on Amazon is made of the transparent resin, it is very easy and safe to wash.

Many reviewers on Amazon have found that Cosmopolitan Collections cosmetic organizer can double as a storage place for jewelry and small kits (such as a sewing kit). Featured in many beauty boutiques and shops, it is because of quality recognition that Cosmopolitan Collection has passed their 100 4-star review

goal for June 21st.
