

## **First Aid Shoppe Announces Their CPR Mini Mask Has Passed 200 Five-Star Reviews On Amazon**

*May 24, 2016*

May 24, 2016 - PRESSADVANTAGE -

Today Anna Loehwing, COO of First Aid Shoppe, providers of first aid and survival items to consumers and professionals, announced that their Mini CPR Keychain Mask has surpassed 200 positive reviews on Amazon. The Mini CPR Mask is a foldout mask stowed in a small nylon pouch that attaches to a keychain. Ms. Loehwing says customers have been expressing their satisfaction with the mask.

"These little guys are great," says one customer. "While I hope to never have to use them, it's nice to know that they are there and I'm ready and will be protected should the need arise. They are the perfect size for carrying on your...anything. Backpack, purse, keys, glove box, these can be carried just about anywhere without ever being noticed, all the while giving you piece of mind that they're ready to rock should you need them. The fact that you get 5 is an added bonus. And as inexpensive as they are, you can keep a couple and give a couple to family/friends so that they can be prepared and protected too. Thanks ResQue1st for a great little product and thank you PrimeEffects for offering it at such a great price."

The mask is a fully functional breathing barrier. It features a one-way breathing valve to control the flow of air from rescue breather to victim, and eliminate any backwash. A semi-transparent barrier prevents contact with

the victim, and allows monitoring of victim color and change. Folded for stowing the mask fits in a small nylon pouch that is about the size of a standard key fob. An attached key ring allows the pouch to be hooked to a set of keys.

"I'm a CPR instructor and I buy these to give out to my students," says another customer. "These are the first line of defense for the user to prevent the spread of infectious diseases. They are essentially a plastic barrier with a one way valve that is inserted into a victims mouth in order to block the passage of bodily fluids or basic contaminants."

The Mini CPR Keychain Mask by First Aid Shoppe is available through channel partner PrimeEffects and First Aid Shoppe directly, and comes in packs of 5 and 10 masks.
