

## **Paradise Coast Charters Launches New Website**

*May 26, 2016*

May 26, 2016 - PRESSADVANTAGE -

Paradise Coast Charters, which is a fishing charter business in Naples, FL, has announced that they have launched their brand new website. The company offers trips, tours, and charters throughout the Paradise Coast area. As part of the company's new online marketing campaign, they have also used their social media pages, where travelers can get more information and share their own experiences.

Blake Borgeson from Paradise Coast Charters says: "I am so happy to run Paradise Coast Charters with my dad, Rick. We live and breathe the water, and love sharing this passion with others through our two boats. We can organize any type of activity, from sunset cruises to fishing, and from scuba diving to trips to Fort Myers Beach for lunch. We guarantee that you will have serious fun in whatever it is you want to do."

As part of their social media campaign, Paradise Coast Charters has posted a number of photographs from past tours on their Facebook page. People are encouraged to view more trip photos and also to share their own to show prospective tourists what types of tours can be organized. Many have already taken the opportunity to do so, and to discuss some of their personal experiences.

"Captain Blake has put me on some of the coolest structures I've ever hunted, and I've been diving the keys for my entire life," says Logan S. on the company's Facebook page. "I never knew that the Gulf had so much

to offer. I had always just assumed visibility would be a deal breaker diving here but man I was wrong."

Paradise Coast Charters aims to provide people with the trip of a lifetime. They focus strongly on fishing trips, eco tours, scuba diving, and spear fishing. However, if someone wants to take a boat trip for any other reason, they are welcome to contact the company and discuss their requirements. Captains Blake and Rick can be contacted through their website or their social media pages, but people are also welcome to visit them in person at the Cocohatchee River Marina 13535 Vanderbilt Dr. Naples, FL 34110.
