

Truly Investor Capital Announces Loan Servicing Specialist Opening Featured on Glass Door

August 31, 2026

August 31, 2026 -

Truly Investor Capital has announced a new Loan Servicing Specialist career opportunity as the company continues to expand its private lending operations and servicing platform. The full-time position is based in Chandler, Arizona, with remote consideration available for highly qualified candidates.

The role reflects ongoing growth within the company's lending and servicing capabilities. As the operations team expands, the new position is intended to support borrowers throughout the loan lifecycle, from initial funding through final payoff.

The Loan Servicing Specialist will support a portfolio of real estate investment loans, including Residential Transition Loans, bridge loans, ground-up construction loans, and DSCR financing. Responsibilities include loan servicing, borrower support, collections, loan boarding, loan transfers, investor reporting, payment and payoff processing, and ongoing portfolio maintenance.

Truly Investor Capital is seeking professionals with approximately two to five years of loan servicing experience. Candidates familiar with private lending, hard money, mortgage lending, DSCR, bridge, construction, or other real estate loan products are encouraged to consider the opening. The company noted that the position supports its continued work with direct borrowers and broker partners across multiple states.

"This position represents an important step as the company builds out its servicing platform," said a spokesperson for Truly Investor Capital. "The operations team plays a central role in supporting borrowers from the moment a loan funds through to final payoff, and the company is looking for professionals who understand the details of real estate finance."

The spokesperson added that the Chandler location and remote consideration reflect the company's approach to reaching qualified candidates in the private lending field. "Loan servicing requires accuracy and consistency, and the company wants to add team members who bring real experience with private lending and real estate loan products," the spokesperson said.

Professionals interested in loan servicing jobs in Chandler, private lending careers, and real estate finance opportunities can learn more about the position through the current Glass Door Truly Investor Capital listing. The listing outlines the responsibilities, experience requirements, and location details associated with the role.

The announcement comes as the company continues to grow its loan servicing and lending activity. Truly Investor Capital has funded more than 116 loans across multiple states and maintains a quick average closing time on its financing products. The expansion of the operations team is designed to keep pace with that activity while maintaining the level of borrower support the company aims to provide.

Truly Investor Cap is a real estate investor lending company that provides streamlined real estate lending solutions for direct borrowers and broker partners. The company offers a range of loan products tailored to different investment strategies, including Rehab Loans, Construction Loans, DSCR Loans, and Bridge Loans. Rehab Loans finance fix and flip projects, Construction Loans support ground-up building projects, DSCR Loans are based on rental income rather than personal income, and Bridge Loans provide short-term financing between loans. The company follows a straightforward process for structuring deals, reviewing applications, and funding transactions. Truly Investor Capital serves investors nationwide from its base in Chandler, Arizona.
