

Truly Investor Capital Launches Recruiting Presence on Loxo for Lending Careers

September 01, 2026

September 01, 2026 -

Truly Investor Capital LLC has announced the launch of a dedicated recruiting presence on Loxo, giving job seekers and mortgage industry professionals a centralized destination to discover career opportunities with the growing private lender.

The new Loxo Truly Investor Capital careers page provides information about available positions across the company's private lending organization. Current listings include roles in sales, loan servicing, post-closing, mortgage operations, and other real estate finance functions. Several openings are based in Chandler, Arizona, while additional positions are available across the United States.

By establishing a dedicated recruiting presence, Truly Investor Capital is making it easier for qualified professionals to discover the company, review available positions, and explore opportunities to join its expanding team. The move reflects the continued growth of a lending platform that has funded more than 116 loans across multiple states.

"Building a strong team is a natural extension of the growth we have experienced in private lending," said a spokesperson for Truly Investor Cap. "Establishing a recruiting presence on Loxo creates a clear, organized way for professionals in mortgage lending and real estate finance to find current openings and understand the roles available within the organization."

Truly Investor Capital specializes in financing solutions for real estate investors, including DSCR loans, bridge loans, rehab and fix-and-flip financing, and new construction loans. As the lending platform continues to grow, the company is also expanding the team that supports its borrowers, brokers, referral partners, and lending operations.

The company's approach to truly lending centers on fast, streamlined solutions for direct borrowers and broker partners. Its loan products are tailored to different investment strategies. Rehab loans finance fix-and-flip projects with interest-only payments, while construction loans support ground-up spec and custom builds with flexible draw schedules and terms ranging from 12 to 24 months. DSCR loans are based on rental income rather than personal income and can be used for purchase, refinance, or cash-out transactions. Bridge loans provide short-term financing with 12-month terms and no prepayment penalties.

"The expansion of our team is directly tied to the needs of the investors and partners we serve," the spokesperson for Truly Investor Cap added. "A centralized recruiting resource helps candidates understand where they might fit within a company focused on real estate investor lending."

The Truly Investor Capital profile on Loxo serves as an additional digital resource for professionals researching the company and searching for opportunities in private lending, mortgage lending, and real estate finance. The page complements the company's existing online presence and provides a straightforward way for candidates to review current openings.

Professionals interested in Truly Investor Capital jobs and career opportunities can visit the company's Loxo recruiting page to explore current openings across the organization.
