

Truly Investor Capital Expands Recruiting Presence on Indeed for Lending Professionals

September 30, 2026

September 30, 2026 -

Truly Investor Capital LLC has expanded its recruiting presence on Indeed, giving mortgage and real estate finance professionals another established platform to discover career opportunities with the company. The move supports ongoing growth across the firm's private lending operations, sales organization, loan servicing capabilities, and operational teams.

The company profile on Indeed connects job seekers with current employment opportunities as Truly Investor Capital continues to build out its teams. By maintaining a presence on one of the most recognized employment platforms, the company aims to make it easier for qualified candidates to research roles and connect with its organization.

Truly Investor Capital specializes in financing solutions for real estate investors, including DSCR loans, bridge loans, rehab and fix-and-flip financing, and new construction loans. Continued expansion across these lending programs has created openings for experienced professionals interested in private lending, mortgage

operations, sales, servicing, and real estate investment finance. The company has funded more than 116 loans across multiple states.

"Indeed Truly Investor Capital job listings reflect a period of steady growth for the organization," said a spokesperson for Truly Investor Cap. "Placing employment opportunities on a widely used platform allows professionals across the country to learn about the company and find roles that match their experience in lending and real estate finance."

The recruiting effort spans several areas of the business. As demand for investor lending products continues, the company has identified a need for talent in operations, underwriting support, sales, and loan servicing. The Indeed presence provides a centralized location where candidates can review available positions and evaluate whether their background aligns with the company's needs.

"A strong hiring platform strengthens both recruiting and reputation," the spokesperson for Truly Investor Cap added. "Connecting the Truly Investor Capital Brand with an established employment resource helps the company reach professionals who might not otherwise encounter these openings, and it reflects a broader commitment to building experienced teams."

Truly Investor Capital offers a range of loan products tailored to different investment strategies. Rehab loans finance fix-and-flip projects with interest-only payments and flexible terms. Construction loans support ground-up spec and custom builds with draw schedules and terms ranging from 12 to 24 months. DSCR loans are based on rental income rather than personal income and can be used for purchase, refinance, or cash-out transactions. Bridge loans provide short-term financing with 12-month terms and no prepayment penalties.

Professionals searching for private lending careers, mortgage roles, or real estate finance opportunities can explore current openings through the company's platform presence. The expanded recruiting footprint reflects the firm's ongoing efforts to strengthen its online visibility among candidates seeking new career opportunities.
