May 31, 2016 - PRESSADVANTAGE -

Foxy Market, an online store that offers foxy jewelry and fashion accessories is now live. To celebrate the grand opening, a very special offer has been made available to new customers. People are encouraged to visit the new store's website at <https://www.FoxyMarket.com> to browse through their products and take advantage of the special offer.

Media representative, Jennifer Owen, says: "We have worked very hard on building up our stock so that we could offer some of the best electronics, fashion accessories and jewelry to all our foxy customers. Now that we are open for business, we want to welcome our new customers with a wonderful special offer."

Foxy Market encourages people to find their personal foxy side through their brand identity, "Live Foxy. Shop Foxy. Be Foxy." To achieve this, they focus on jewelry and electronics, following the cats and steampunk fashion styles. At present, they offer necklace pendants, leather bracelets, earrings, and jewelry sets. Furthermore, they offer USB cables, tablet computers, funky smartphone adapters, and headphones. Foxy Market will continue to roll out new and innovative products that grow this lifestyle and identity ethos.

To encourage new customers to try the Foxy Market products, and to celebrate their grand opening, they currently have a FREE jewelry set offer for all new customers. This particular set contains a necklace with matching earrings, both with cubic zirconia. They are available in 19 different colors, and customers can obtain up to three free sets, paying solely for their shipping and handling.

"Our free jewelry set will really get you noticed," adds Jennifer Owen. "The necklace snake chain is made from copper and is silver plated. The sparkly cubic zirconia is available in 19 different colors, enabling people to pick a color that suits them most. In fact, they can choose three different colors so they can mix and match things a bit as well."

The new store is already attracting a lot of attention from new customers. They have a significant stock, particularly for a newly started company, and they intend to add more items to their offerings very regularly. The free jewelry set offer will be in place for a limited time only, so people are encouraged to get their set as soon as possible.

Foxy Market invites everyone to visit the Foxy Market online store and their new Facebook page that provides exclusive offers only available there.
