Organic Play Food Company Announces #1 New Release on Amazon

May 31, 2016

May 31, 2016 - PRESSADVANTAGE -

A new educational tool has been discovered by parents everywhere who are commenting on their satisfactory experience, making it the #1 New Release in Toy Foods on Amazon.com.

"This is a milestone that we didn't expect to hit," says Her Pow's spokeswoman Elsie Murphy, "... [Her Pow's Toy Foods] are also ranked number one in the Amazon search results. It's a lot to handle all at once." The new hit play food set from Her Pow has officially reached the prestigious title of "#1 New Release" on Amazon.com, setting a new standard for the company's already competitive marketing performance.

The Ultimate 125 piece play food set from Her Pow has a notable variety and food choice selection when compared to competitors' products. Some of the set's healthy and organic food choices include carrots,

asparagus, apples, oranges, lemons, cucumbers, cauliflower, mushrooms, tomatoes, and more. Furthermore, the set includes contrasting unhealthy foods such as white bread, donuts, hamburgers, hot dogs, fried chicken, french fries, ice cream, and more. According to Her Pow, doctor's offices and preschools use their set because it has a great variety that challenges children to role play more complex scenarios with food choices, helping them to grow mentally.

Beyond variety, Her Pow attributes much of their success with the pretend food choices set to product quality. "The fact that our play food set is created from the custom artwork of United States designers excites local parents," says Murphy, "it shows just how much time we put into their child's product." The organic play food set is also made of a shatterproof and sturdy plastic. With a boastful Amazon listing with 4.8 out of 5 stars and almost 500 reviews, parents certainly see the quality.

Because of the organic play food set's variety and quality, Her Pow has been able to achieve the #1 New Release in Toy Foods on amazon.com. To find out more about the play food set's price and promotions, visit amazon.com/Play-Food-Set/dp/B01COI9EAC/.
