

River Bluff Cabins Adds New Cabin to Its Frio River Lodging Options

September 09, 2026

September 09, 2026 -

A new addition to the property is giving visitors another option for staying along the Frio River in the Texas Hill Country. River Bluff Cabins has added Cabin #5 to its collection of rustic accommodations, expanding lodging options for families and groups visiting the area for outdoor recreation, reunions, retreats, and other getaways.

As the property's latest cabin addition, Cabin #5 features three bedrooms and two bathrooms and is positioned along the Frio River. The cabin includes a riverfront setting, a private pathway to the water, and a deck overlooking the surrounding landscape. Its addition builds on River Bluff Cabins' existing collection of family-friendly accommodations designed for visitors seeking time near the river and nearby natural attractions.

The property currently offers 16 rustic cabins along with lodging options that include several larger lodges. The accommodations vary in size and layout, allowing the property to serve both smaller parties and larger groups. Several lodges feature multiple bedrooms and bathrooms, while the cabins provide comfortable options for family vacations, weekend getaways, and smaller gatherings.

For travelers considering lodges in the Frio River in Leakey, TX, the location provides access to the river as well as nearby destinations such as Garner State Park and Lost Maples State Natural Area. River Bluff Cabins notes that both parks are a few miles from the property, giving guests opportunities to add hiking and other outdoor activities to a stay without making the surrounding area the sole focus of the trip.

The property has also added amenities intended to support group gatherings and family stays. Its splash pad and pool provide an onsite recreation option, while the event pavilion overlooks the Frio River and can accommodate up to 150 guests. The pavilion includes a kitchen, serving bar, two large televisions, a sound system, and a riverfront deck, and it is available for events ranging from family reunions to corporate retreats and weddings.

These additions give guests more ways to enjoy the area's natural setting while keeping activities and downtime close at hand. River access supports swimming, kayaking, and fishing, while nearby state parks provide opportunities for hiking, wildlife viewing, and exploring the Hill Country landscape. The property's lodging and event facilities also give families, friends, and organized groups practical options for spending time together in one location.

Rather than arranging separate venues for accommodations and gatherings, groups can use the property as a central base throughout their stay. This combination of outdoor access, comfortable lodging, and versatile gathering space supports a wide range of visits, from relaxed family trips and weekend getaways to planned group retreats, reunions, and special events.

The timing also brings attention to the area as visitors plan fall trips to the Texas Hill Country. Lost Maples State Natural Area is particularly known for its fall foliage, while the surrounding Frio Canyon offers year-round recreational opportunities. For guests seeking lodges in the Frio River in Leakey, TX, the combination of river access, nearby parks, and onsite lodging provides a practical base for exploring the region.

River Bluff Cabins is a lodging property in the Rio Frio area of Texas offering rustic cabins, lodges, river access, recreational amenities, and event facilities. The property accommodates family vacations, reunions, retreats, conferences, weddings, and other group stays near the Frio River, Garner State Park, and Lost Maples State Natural Area.
