VAN NUYS, Calif. -- Limousine service provider Century Limousine is proud to announce that they have added a top-of-the-line Mercedes limousine to their fleet. The S-550 Mercedes Stretch Limo, the latest in Century's expansive fleet, is built to impress.

Joseph Babakhanyan co-founder of Century Limousine says: "We are committed to always improving our service and offerings, which is why we have added the new S-550 Mercedes limo to our fleet. The stretch limo comes in white and is the perfect vehicle to turn some heads. With seating space for 10 people, the limo is perfect for everything from business meetings to a night on the town to those special events."

The new limo comes with a full leather interior and air conditioning. It has tinted windows, a privacy partition and comes with a wet bar with refreshments. Those who reserve the limo for a party can have fun with the disco floor and ceiling, as well as enjoying multiple TVs, AM/FM stereo, DVD/CD player and iPod connector.

The limo can also be booked with an ultimate lighting package and laser show, for those who want a little something extra.

Century Limousine has an impressive fleet of vehicles that now holds 11 different models, including the

traditional Lincoln Town Car and the non-traditional Hummer H2 Stretch limousine. Besides offering limousine service across Orange County and Los Angeles, Century also provides services for specific trips, such as airport trips, Vegas trips, and wine tours.

"A Mercedes is a great car for any occasion, but a Mercedes limo really ups the ante when you want to go that extra mile," Babakhanyan says. "It really is the ultimate in luxury transportation."

Visit the Century Limousine website at centurylimos.com to view their fleet, browse their services, or reserve a car. Reservations can be made online and will be processed immediately. Fares and rates are indicated clearly on the site.
