

Ionox Auto Tire Gauge Now Features Rubberized Grips

June 05, 2016

June 05, 2016 - PRESSADVANTAGE -

Ionox announces customers can now order the latest model of their Ionox auto tire gauge, which is now designed with rubberized grips, to make the product easier to use and more suitable in wet conditions. The gauge comes with free shipping if customers spend more than \$49. The product will be shipped free if ordered through Amazon Prime. The product is currently available for \$8.95 for silver, and \$9.95 for black, so customers can save when purchasing multiple gauges, the company says. The high-quality, accurate device can measure pressures in four different scales, up to 150 PSI, 1000 kPA, 10 Bar, or 10 kg/cm². The gauge is capable of measuring pressures as low as 0.5 PSI, with an accuracy of +/- 0.5 PSI.

The product's outer casing is made of heavy-duty die cast metal, adding strength and durability. The newly featured non-slip rubberized grips are ideal for auto enthusiasts, who may have oily hands from working on their car when taking their tire pressure. The grips help the gauge perform in humid or rainy weather, as it improves the user's grip.

The gauge size is designed to accommodate both large or small hands, measuring at 4.5 x 1.8 x 1 inches. A backlit digital screen shows instant measurements that can be read day or night.

The Ionox tire gauge is shipped with batteries included and installed. Made as a good value product, the

gauge helps drivers take tire pressure to prolong the life of their tires, and improve safety and fuel efficiency.

A digital tire gauge for men or women, the 4-ounce gauge is versatile, and can be used with cars, bikes, semi-tractors, motorcycles, RVs, ATVs, commercial vehicles, and more. No matter where it's used, the LED lighting makes the gauge simple to read at any time, day or night.

A 100% satisfaction guarantee are included with each product purchase. The tire pressure gauge can be ordered for \$8.95 (silver) or \$9.95 (black) with free shipping on orders over \$49 on Amazon. Visit <http://www.amazon.com/auto-tire-gauge/dp/b00zur5jek/> to purchase.
