

Youssi Custom Homes of Iowa Introduces Interactive Virtual Tours for Ranch Style House Villas at Forest Grove Crossing

November 20, 2026

BETTENDORF, Iowa - November 20, 2026 -
Youssi Custom Homes of Iowa has launched interactive walkthrough videos on its newly updated website, allowing prospective buyers to explore ranch villas and condominiums within The Condos at Forest Grove Crossing development before scheduling in-person visits. The development is located in Bettendorf, part of the Quad Cities region that includes Davenport, Rock Island, and Moline, and falls within the Pleasant Valley School District, recently recognized by MSN as the top-rated school district in Iowa.

The new virtual tour capability reflects a shift in how buyers research property, with many reviewing floor plans, architectural details, and interior finishes online before visiting a site. The walkthrough videos provide detailed views of available layouts, giving remote viewers a clear understanding of each home prior to a visit.

The homes at Forest Grove Crossing range from 1,313 to 1,565 square feet and include two-bedroom and three-bedroom layouts. Ranch villas offer a craftsman-style exterior with cedar brackets and corbels,

nine-foot ceilings, luxury vinyl plank flooring, Cambria quartz countertops, and GE stainless kitchen appliances. The residences feature attached garages, energy-efficient construction, and move-in-ready finishes. The community sits approximately 1.5 miles west of BettPlex on Forest Grove Road.

"Buyers today want to understand a home thoroughly before they walk through the front door," said Shane Youssi, President of Youssi Custom Homes of Iowa. "The interactive walkthrough videos let people review multiple layouts and design elements on their own time, so when they do visit, the experience is more focused and productive."

The addition of virtual tours supports the company's effort to serve families drawn to the Pleasant Valley School District and the broader Quad Cities area. Youssi noted that the location has been a central factor for many prospective residents considering the development.

"The Pleasant Valley School District is one of the reasons families are drawn to this neighborhood," Youssi said. "Combining a sought-after location with detailed online tools gives people the information they need to make a confident decision."

Additional property photos and current layouts are shared regularly through the company's social media channels, where readers reviewing this article and any related news article can follow development updates.

Youssi Custom Homes of Iowa is a division of Youssi Real Estate & Development Inc., a company that has been in operation for more than 30 years. The parent company has developed over 500 condominiums across Iowa and Illinois, with original operations serving Boone, DeKalb, and Winnebago Counties in Illinois before expanding into Bettendorf, Iowa. In addition to condominiums and ranch villas, the company builds townhomes and higher-end custom single-family residences. Materials used in its builds include custom cabinetry, natural stone, American-made luxury vinyl plank flooring, and Cambria quartz. The company focuses on move-in-ready homes in established communities within the Quad Cities region and surrounding areas. More information on this article and other news items can be found at the Youssi Custom Homes of Iowa website.
