

The Fluid Motion Factor

David Leadbetter Endorsed

Tony Wright from Game Improvement Golf Achieves Fluid Motion Factor Instructor Certification

June 06, 2016

June 06, 2016 - PRESSADVANTAGE -

Oak Ridge, Tennessee - Game Improvement Golf is pleased to announce that Founder and President Tony Wright completed the on-line Fluid Motion Factor Certification Program. The Fluid Motion Factor is a revolutionary program that teaches golfers how to consistently access their best golf swings ? to access what they already own. The program allows golfers to set up by design ? what they usually experience by chance ? when they play their best. The Fluid Motion Factor program was developed by Steven Yellin and is endorsed by world-renowned golf instructor David Leadbetter.

MaryLou ?ML? Mulflur is the coach of the 2016 NCAA Champion University of Washington Women?s Golf Team. Her team has used the Fluid Motion Factor program for the past two years. She said that: ?I have found Steven Yellin?s Fluid Motion Factor to be a game changer, literally. Our team has used FMF and I can see the simplicity they have gained in their swings as well as the ability to remove the drama from each outcome.?

As part of completing the on-line Fluid Motion Factor Certification Program the training included viewing and learning from three hours of training videos, and completing three separate exams to demonstrate his

proficiency to teach the program.

Steven Yellin complimented Tony on this achievement: "Tony Wright did an excellent job in going through the certification program to teach the Fluid Motion Factor program. He is now qualified to teach golfers how to become more consistent and enjoy the game more and more."
