

HHI Windows & Doors Named Best Window Company in The Island Packet's Lowcountry's Best 2026 ? Second Consecutive Year

September 21, 2026

BLUFFTON, SC - September 21, 2026 -

HHI Windows & Doors has been named the Best Window Company in The Island Packet's Lowcountry's Best 2026 awards, marking the second consecutive year the company has earned the top honor. The distinction, presented by The Island Packet, recognizes the top local businesses across the Lowcountry region.

Lowcountry's Best is an annual awards program celebrating the standard-bearers of quality and trust across dozens of categories spanning home services, dining, retail, and professional services across the region each year. For a company to win back-to-back titles in a category as competitive as window and door installation is a reflection of sustained quality, consistency, and customer satisfaction over time.

"I want to thank everybody for voting us best of the Lowcountry again in 2026." said Richard Barron, owner of HHI Windows & Doors. "We're so happy to get the gold medal award and look forward to continue to improve on our process and give you even better customer service in the future."

HHI Windows & Doors has built its reputation in Bluffton and the surrounding Hilton Head area on quality craftsmanship, energy-efficient window and door solutions, and a commitment to service that extends well beyond installation day. The company's approach centers on treating every project, from a single replacement window to a full-home renovation, with the same level of care and attention to detail.

That commitment shows up throughout the customer journey, from an initial in-home consultation through final walkthrough. The team works closely with homeowners to select products suited to their home's style and the region's demanding coastal climate, then manages installation with a focus on precision, cleanliness, and minimal disruption to the household. Post-installation support remains a core part of the company's model, with the team available to address questions or service needs long after a project wraps. This is an approach that has helped build the kind of repeat business and referrals that fuel sustained growth.

Much of that customer experience begins at HHI Windows & Doors' showroom, located at 32 Malphrus Rd, Unit 117, Bluffton, SC 29910. The showroom gives homeowners a hands-on opportunity to explore window and door styles, materials, and finishes in person before committing to a project, with the company's team on hand to answer questions and walk through options suited to each home. The space has become a resource for Lowcountry homeowners in the early stages of planning a renovation, offering a low-pressure way to see and feel product quality firsthand.

Barron founded HHI Windows & Doors with the goal of bringing reliable, high-quality window and door solutions to Lowcountry homeowners, many of whom face the region's unique climate demands, from coastal humidity to hurricane-force storms. The company's product offerings are selected specifically with these conditions in mind, giving homeowners durability and peace of mind alongside aesthetic value.

The back-to-back win comes at a time of continued growth for the company, which has expanded its team and service capacity to meet rising demand across Beaufort and Jasper counties. Company leadership credits that growth directly to word-of-mouth referrals and repeat customers which is the same community support reflected in this year's award.

HHI Windows & Doors will continue serving homeowners throughout Bluffton, Hilton Head Island, and the broader Lowcountry region with the same commitment to craftsmanship and customer care that earned this year's recognition.
