

Restaurant & Cafe Supplies Online Adds Imported Reclaimed Wood Table Tops

June 10, 2016

June 10, 2016 -

Online restaurant furniture store Restaurant & Cafe Supplies Online has added a new selection of imported reclaimed wood table tops to their extensive line of reclaimed wood tops. The new imported tops give customers a more affordable alternative the company's domestically-made reclaimed wood table tops and are some of the least expensive reclaimed wood table tops on the market.

"At Restaurant & Cafe Supplies we take pride in all our products, and on offering environmentally and economically friendly options. Our reclaimed wood table tops are built to the size and shape that you need using wood salvaged from buildings -- now from around the world. A reclaimed wood table top is sure to add character to your dining room without breaking the bank," said Doug Stoutenburg, owner of Restaurant & Cafe Supplies Online.

Restaurant & Cafe Supplies Online is a very popular store, not just for restaurants and cafes but also for users looking for uniqure furniture for their home. Their reclaimed wood table tops are very popular, not in the least because each piece is unique in some way. At the same time, however, the store offers a number of more traditional pieces, which are noted for their high quality.

While the company has a strong focus on Made in the USA products, the imported line of table tops diversifies their offerings. Customers can see at a glance whether the product they are considering is Made in the USA or imported, thereby enabling them to retain an element of choice.

"We maintain rigorous standards for the products we offer, regardless of where they come from," Stoutenburg said. "Now we also offer a greater variety of choice and price. The imported tops are moving fast because they are so affordable and they meet our quality standards."

Full details and the entire list of products are available on the company's website at rcsuppliesonline.com. Restaurant & Cafe Supplies Online offers monthly specials and a wholesale program to verifiable distributors and resellers.
