

The Law Offices of Nicholas A. Parr Announces Personal Injury Lawyer Named to 2027 Super Lawyers

September 22, 2026

BALTIMORE, MD - September 22, 2026 -

Nicholas A. Parr, the Baltimore based attorney who leads The Law Offices of Nicholas A. Parr, has been selected to the 2027 edition of Super Lawyers, marking the sixth consecutive year he has earned the recognition since 2022. The distinction adds to a record that also includes seven straight years as a Super Lawyers Rising Star, an earlier honor reserved for attorneys near the start of their careers.

Super Lawyers is a rating service that identifies attorneys who have attained a high degree of peer recognition and professional achievement. Selection is limited each year through a process that combines peer nominations, independent research, and evaluations across multiple areas of practice. Parr, who concentrates on personal injury, has held the designation continuously since first receiving it in 2022.

A personal injury lawyer licensed in Maryland since 2010, Parr has more than sixteen years of experience representing injured clients throughout the state. He handles car accidents, truck and motorcycle collisions, rideshare crashes involving Uber and Lyft, pedestrian and bicycle accidents, slip and fall claims, medical

malpractice, birth injury, and wrongful death cases. His firm operates offices in Baltimore and Bowie, serving clients across Baltimore City, Baltimore County, and throughout Maryland.

The firm operates on a contingency fee basis, meaning clients do not pay a fee unless a case is resolved in their favor. Individuals considering a claim may request a Free Case Review to discuss the circumstances of an injury and the legal options available to them.

"Being named to Super Lawyers for a sixth year in a row reflects the trust that both clients and colleagues have placed in this practice," said Nicholas Parr, principal attorney at The Law Offices of Nicholas A. Parr. "Recognition from peers matters because it comes from people who understand the work involved in representing someone through the most difficult period of their life."

Nick Parr noted that his practice is built around direct involvement in every matter the firm accepts. "Clients who call with a question speak with the attorney handling their case, not a series of intermediaries," he said. "That approach has guided the firm since it opened, and the continued recognition suggests it remains a sound one."

Nick Parr graduated from the University of Baltimore School of Law. His personal injury work represents the majority of his caseload, with additional focus on criminal defense and DUI and DWI representation. Updates on firm activity and recent case topics, including guidance on accidents involving company vehicles, are shared through the firm's Facebook page.

The Law Offices of Nicholas A. Parr is a Maryland law firm concentrating on personal injury and related litigation, with offices in Baltimore and Bowie. The firm serves injured residents across the state and handles matters ranging from vehicle collisions and premises liability to medical malpractice and wrongful death. Additional information about the firm and its practice areas is available online. Visit our website to learn more about the firm's background and areas of focus.
