

Leven Rose Launches Green Coffee Bean Oil For The Skin, Nails And Hair

June 15, 2016

June 15, 2016 - PRESSADVANTAGE -

Colorado Springs, CO health and beauty company Leven Rose has launched a new skincare oil, which is a 100% pure and natural green coffee bean oil. This has been formulated specifically for the skin, particularly around the eyes and face, but it has also been found to be beneficial for the nails and hair. The green coffee bean oil is fully organic, just like other Leven Rose products, and it is available through <https://www.levenrose.com/products/green-coffee-bean-oil-1-oz>.

Courtney Olson of Leven Rose says: "Green coffee bean is taking the world by storm for its various health benefits. While a lot of people know it for having weight loss properties, we have only looked at it for its effects on the skin and have found it to be very beneficial. Our green coffee bean oil, therefore, addresses various skin problems, helping it to restore and regenerate."

Leven Rose Green Coffee Bean Oil is also available on Amazon at https://www.amazon.com/TRUSTED-Leven-Rose-Green-Coffee/dp/B01DYXANBU/ref=sr_1_5_a_it?ie=UTF8&qid=1465508091&sr=8-5&keywords=green+coffee+bean+oil. The oil has been shown to naturally build up the collagen in the skin, as well as elastin. In so doing, it helps to restore skin and hair, as

well as strengthening and tightening it. It is believed that this is because the oil has high concentrations of vitamin E and essential fatty acids, which are powerful antioxidants that can fight against free radical damage. The oil has also been found to restore fine lines and wrinkles, photo-aging, and fatty patches.

The oil can be used multiple times per day. It can also be mixed with other essential oils, or added to sugar scrubs. "Our new oil has been designed to fight against skin aging, tighten the skin, reduce dark circles and eye puffiness, soften hair, and moisturize the skin," adds Courtney Olson. "Put together, it helps cells reproduce, creating a healthy, radiant glow. The product is 100% organic and GMO free and does not contain any chemicals, additives, fillers, or parabens, nor has it been tested on animals."

Those who have used the product are encouraged to share images of the results on the company's Instagram page on <https://www.instagram.com/LevenRoseBeauty/>. This is an opportunity to show real results to real people.
