

TDE Wedding Earns Top Ratings and Couples Choice Recognition as San Francisco City Hall Wedding Photographer

October 16, 2026

MILLBRAE, CA - October 16, 2026 -

TDE Wedding, a full-service wedding planning and photography company serving the San Francisco Bay Area, has earned top ratings across Yelp, The Knot, and WeddingWire, along with recognition as a WeddingWire Couples Choice Award recipient. The milestones reflect the company's continued work with couples across the Peninsula and South Bay who seek a single in-house team to manage their entire wedding day.

Founded in 2007 under the legal name The Day Entertainment, LLC, the company operates from 216 Broadway, Millbrae, CA 94030, and can be reached at (415) 813-8900. As an official San Francisco City Hall wedding vendor, TDE Wedding wedding photography has become a familiar presence at ceremonies throughout the region, with service extending to couples in Millbrae, Palo Alto, Hillsborough, Redwood City, Portola Valley, San Carlos, San Mateo, and Menlo Park.

The recognition highlights the company's all-inclusive model, which places photography, cinematography, planning and coordination, DJ and MC services, floral and decor, hair and makeup, lighting, and photo booths under one roof. Rather than coordinating multiple outside vendors, couples work with a single team across each element of their celebration. Packages are organized into tiered options named Glow, Glam, and Glitz, with a Lite Express option available for couples seeking a streamlined arrangement.

"Earning top ratings across these platforms reflects the trust couples place in a single team to handle their entire day," said Otis Fang, Director of Production at TDE Wedding. "When photography, planning, and every other detail are managed under one roof, the result is a more consistent experience from the first consultation through the final image."

The company has developed a specialization in Chinese and Asian weddings, working with families on the customs, timing, and details that shape those celebrations. That experience has contributed to its standing with couples throughout the Bay Area, including those marrying at San Francisco City Hall, a setting that has become one of the region's most requested ceremony locations.

Alongside its photography services, the same in-house team also provides wedding videography and wedding floral design and decor, giving couples who prefer a single company the option to keep those elements together. The integrated structure allows the team to coordinate schedules and creative direction without relying on separate providers.

"Couples tell us the greatest value is simplicity," Fang added. "One team understands the full plan for the day, which means fewer handoffs and clearer communication when it matters most."

TDE Wedding continues to serve the Peninsula and South Bay with a focus on couples who want their photography and wider wedding services managed by one organization. The company's ratings on Yelp, The Knot, and WeddingWire, together with its Couples Choice Award recognition, reflect feedback gathered from couples across its service area.
