

Pro Pad Inc. Launches New 9/11 Motorcycle Flag

June 17, 2016

June 17, 2016 - PRESSADVANTAGE -

In order to commemorate the 15th anniversary of the 9/11 tragedy, Pro Pad Inc., a business in Mooresville, NC, has released a special 9/11 Never Forget flag. The flag measures 6" by 9" and is made specifically for motorcycles, being able to hold up even in high wind conditions. The flag is also available in 10" by 15" size. This is double sided with a sleeve to slide over a pole.

Mike Enzwiler from Pro Pad Inc. says: "9/11 was the greatest tragedy to hit our nation and we believe that in order for it to never happen again, we must never forget it. We must never forget the fallen heroes of that day. The biker community really came together after the attacks, and they continue to fly the flag of remembrance to this day. This is why we have created a special 15th anniversary commemoration flag and we can't wait to see it flying all over the country."

The flag is designed in a sepia color. It shows the skyline of New York, with the Twin Towers still standing. In the corner, the head of the Statue of Liberty is featured, proudly looking up to the sky. Hanging over the skyline is the Stars and Stripes, in full color, with the words 'Never Forget 9.11.01' printed underneath it.

All Pro Pad Inc. flags are made of a UV coated poplin, which can be machine washed. For outdoor durability, heavy duty materials are used. The flags are double-stitched and double-sided, so that they can withstand

the tough elements on a motorcycle, while also being visible from all sides. The flag sleeve can fit a pole of 3/8" diameter. The flag is 100% cut, printed, and sewn in the USA.

"We wanted to create something that really shows pride in our nation," adds Mike Enzwiler. "This meant, to us, that the product should be 100% made here as well. This is a philosophy we uphold in all of our products, not just the commemorative flag."

The flag is now available for purchase through the Pro Pad Inc.'s website.
