Rag Mops Cleaning Service Marks 18 Years of Participation with Cleaning for a Reason

October 13, 2026

Lewisville, Texas - October 13, 2026 -
Rag Mops Cleaning Service is marking 18 years of participation with Cleaning for a Reason. The partnership has included donated house cleanings for more than 180 cancer patients, with the cumulative value of those services exceeding $63,000.

Cleaning for a Reason pairs residential cleaning companies with individuals undergoing cancer treatment so that patients receive complimentary cleanings. Rag Mops joined the program in 2008. In May 2026, Cleaning for a Reason reported that the company had provided donated cleanings to 181 patients, valued at more than $63,089. The 18-year total reflects ongoing monthly participation rather than a single campaign.

Debi Bascue, co-founder and owner of Rag Mops, described the company?s involvement. ?Being part of Cleaning For Reason for the past 18 years has been one of the most meaningful experiences in our company?s history. Providing comfort and relief to families during difficult times is something we?re deeply honored to do.?

The program requires participating companies to accept a limited number of patients at a time and to

complete two cleanings per patient, typically spaced one month apart. Rag Mops has maintained that model while continuing its regular residential cleaning work. The company has also allowed clients to add a small donation to invoices, with proceeds directed to the organization.

Bascue offered additional perspective. ?When someone is battling cancer, even small acts of kindness can make a difference. Knowing we?ve been able to help more than 100 families focus on what matters most means everything to our team.?

Rag Mops Cleaning Service was founded in 2001 and provides standard recurring cleaning, deep cleaning, custom cleaning, and move-in or move-out services. Community involvement, including the Cleaning for a Reason partnership, has remained part of its operations alongside client work. The company has previously supported local school fundraisers, youth sports teams, and community events.

The 18-year milestone coincides with continued demand for the program. Cleaning for a Reason reports that it has facilitated cleanings for tens of thousands of patients nationwide through partner companies. Rag Mops? contribution of more than 180 cleanings places it among the longer-standing local participants in the North Texas area.

The partnership does not alter the company?s standard service model for paying clients. Donated cleanings are scheduled separately and are limited to patients who have been vetted by Cleaning for a Reason. Staff follow the same training and procedures used on regular jobs, with added attention to the preferences of households managing treatment.

Public acknowledgments from Cleaning for a Reason have documented the patient count and estimated value of donated services. Those figures supply an independent reference for the scale of the company?s participation through mid-2026. No separate cash donation total for the 18-year period has been announced beyond the valued cleanings and any client-directed contributions.

Rag Mops Cleaning Service plans to continue accepting Cleaning for a Reason patients while maintaining its residential cleaning operations. The 18-year record is presented as an ongoing commitment rather than a completed campaign. The company has not announced changes to the number of patients it accepts each month.

Local families affected by cancer treatment continue to apply through the organization. Participating companies such as Rag Mops determine how many patients they can accommodate based on staffing and scheduling capacity. The cumulative total of more than 180 cleanings reflects the company?s consistent participation across multiple years.

The milestone provides a documented measure of one company?s contribution to a national program. Cleaning for a Reason?s own reporting on patient volume and service value offers the primary external confirmation of Rag Mops? involvement. The company has referenced the partnership on its website and in prior community announcements.

Rag Mops Cleaning Service will proceed with its residential cleaning work and its existing Cleaning for a Reason caseload. The 18-year participation stands as a sustained element of the company?s community activity alongside other local support efforts.
