Farmers Insurance - Ulysses Campos Highlights Term Life Insurance Options for San Antonio Families

October 29, 2026

SAN ANTONIO, TX - October 29, 2026 -
Farmers Insurance - Ulysses Campos, operating through the UC Insurance Agency in San Antonio, has placed renewed emphasis on term life insurance education as a growing number of area families evaluate coverage that aligns with specific financial milestones such as mortgage payoff timelines and the years of raising children.

Farmers Insurance by Ulysses Campos offers a range of life insurance products designed to address both temporary and lifelong protection needs. Term life insurance has drawn particular interest from households seeking coverage that corresponds to a defined period, allowing families to match protection levels with the stages of life when financial obligations are typically highest.

Ulysses Campos, agency owner at UC Insurance Agency, noted that many residents are unsure how term coverage differs from permanent options and how to determine the appropriate length of a policy.

"Term life insurance serves a practical purpose for families who want substantial coverage during the years when their financial responsibilities are at their peak," said Campos. "The focus of this effort is helping people

in San Antonio understand what a term policy does and does not cover, so they can make decisions based on accurate information rather than assumptions."

The agency provides life insurance guidance alongside its broader portfolio, which includes homeowners, car, property, business, specialty insurance, and financial services. For life coverage specifically, the agency outlines both term life insurance for temporary needs and whole life insurance for clients seeking lifelong protection, with policies structured to adjust as circumstances change over time.

Campos added that the educational emphasis reflects questions the agency frequently receives from clients across the region.

"People often ask whether their current coverage still fits their situation after a major life event such as a new home or the birth of a child," said Campos. "Reviewing a policy periodically is a reasonable step, and part of the agency's role is to walk families through those conversations in plain terms."

The agency works with households and individuals throughout San Antonio and the surrounding communities, offering personalized consultations to help clients identify coverage appropriate to their needs. In addition to insurance products, Ulysses Campos Insurance Agency maintains a blog featuring articles on retirement planning, life insurance considerations, and related financial topics.

Ulysses Campos Insurance Agency, operating as Farmers Insurance - Ulysses Campos, is a San Antonio-based insurance provider and an affiliate of Farmers Insurance. The agency offers a comprehensive suite of insurance products, including homeowners insurance, car insurance, property insurance, life insurance, business insurance, specialty insurance, and financial services.
