

Echo Limousine Urges Early Corporate Travel Transportation Planning Through End of 2026

October 30, 2026

CHICAGO, IL - October 30, 2026 -
Echo Limousine, a Chicago-based private car and limousine company, is encouraging event planners, administrative assistants, and corporate travel coordinators to book ground transportation early for the conventions and conferences on Chicago's calendar from late October through the end of 2026.

The Choose Chicago convention calendar lists a steady run of events in the final months of the year. PACK EXPO International takes place Oct. 18 to 21, followed by the ANCC Magnet and Pathway Conference on Oct. 29 to 31 and the AHA 2026 Scientific Sessions on Nov. 6 to 9. The IEEE SC26 International Conference runs from Nov. 15 to 20. The calendar continues with the RSNA 2026 Annual Meeting from Nov. 29 to Dec. 3 and The Midwest Clinic International Band and Orchestra Conference from Dec. 16 to 18. The MASCON 26 Annual Convention is scheduled for Dec. 26 to 28. Dates are as listed by Choose Chicago and may be updated by event organizers.

Corporate travel demand is rising. The 2026 Deloitte Corporate Travel Study, published Oct. 7, found that

85% of the travel managers surveyed report expanding budgets, up from 74% in 2025. Deloitte's survey of about 150 U.S.-based travel managers shows an average budget increase of 12% in 2026, with a 10% increase expected in 2027. Only 2% of the travel managers surveyed expect travel to decline.

Echo Limousine provides airport transfers at O'Hare and Midway airports, point-to-point rides between offices, hotels, and venues, and group transportation for conventions, trade shows, and conferences, including events at McCormick Place. Its corporate travel transportation service includes flight tracking for airport pickups and in-terminal meet-and-greet service.

"Convention weeks put heavy demand on ground transportation across Chicago. Planners who confirm vehicles and drivers early have far more options for airport arrivals, hotel transfers, and group trips to the venue," said Mircea Stanescu, founder of Echo Limousine.

Sedans and SUVs can often be arranged on a same-day or next-day basis. Larger vehicles, including stretch limousines, Sprinter vans, minibusses, and motor coaches, are best reserved 24 hours to 1 month in advance, depending on the vehicle and the event.

Stanescu founded Echo Limousine with vice president Florin Lazar after the two met in 2008 while working for different Chicago limousine companies. The company began with one car and grew to three vehicles and a professional chauffeur within its first eight months. In 2014, Echo Limousine moved away from third-party dispatching software and built its own reservation system, which it continues to update.

Corporate accounts allow an assistant or coordinator to book rides for employees, clients, or VIP guests under a single account with centralized billing and reporting. Planners can find Echo Limousine Chicago on Google Maps. For more information, visit https://echolimousine.com/.

About Echo Limousine

Echo Limousine is a Chicago-based transportation company providing private car and limousine services throughout the city, surrounding suburbs, and the greater Midwest region. Founded in 2009, the company offers airport transportation, corporate travel, event transportation, and long-distance car service. Echo Limousine operates with professional chauffeurs, modern booking systems, and a focus on on-time arrival and customer service. Services are available 24/7 and include coverage for O?Hare and Midway airports, as well as regional and cross-country travel. The company serves both individual and corporate clients seeking

structured and dependable transportation.
