May 19, 2015 - PRESSADVANTAGE -

Princess Royale Oceanfront Resort Hotel and Conference Center, a premier resort hotel in Ocean City, MD, has launched a brand new website and is celebrating the event with a social media free weekend contest giveaway. The website provides all the necessary details about the Princess Royale Resort Hotel, as well as giving people the opportunity to book their stay. In the contest to celebrate the new website, one lucky winner will be given a free weekend stay at the hotel.

"Our new website is as beautiful and welcoming as our hotel itself," says Diane Anderson from Princess Royale Resort Hotel. "It clearly highlights all the things our resort has to offer. We want to encourage more people to come stay and relax at the Princess Royale, so the competition will be live from May 22nd to June 22nd 2015 here for a chance to win a weekend stay."

The resort, which won the Trip Advisor Certificate of Excellence Award in 2014, is placed in a beautiful location, overlooking the Atlantic Ocean. Ocean City itself has been named as the best East Coast beach

destination, which means it is a top family place to visit. In the spirit of Ocean City, which is focused strongly on beauty and art, the resort now also offers a spa facility, as well as various art installations, which were done in collaboration with the Art League of Ocean City. Guests are encouraged to come see their amazing glass blown chandelier, a creation by Jeffrey Auxer Designs. Finally, for those want a break from getting sand between their toes, the Princess Royale offers a Casino Royale Package with casino slot players card and free shuttle transportation to the Casino at Ocean Downs.

In the May 22 to June 22 Weekend Giveaway Contest, the winner will be treated to a dream weekend at Ocean City. The prize is a full weekend in a suite in the Princess resort. They have a number of two room suites, which come with a fully equipped kitchenette. These suites overlook the Atlantic Ocean. They also have a number of suites that overlook the tropical atrium, saunas, hot tubs and indoor Olympic-sized heated swimming pool. Finally, there are several condominiums available, which are perfect for romantic getaways or family vacations. Indeed, people who have used the resort in the past are encouraging people to enter the contest and have nothing but positive things to say about the hotel itself.

"I loved the condominium 803 where I stayed," says Adrienne P. Laurel. "The stay in the condominium was a great birthday present to myself, and a great vacation for my son and his friend from school."

Those who do not win the contest are still encouraged to visit the new website, where they will be able to find a number of special offers, deals and discount codes to make their stay more affordable.
