Bloomin' Blinds of Cumming & Johns Creek Named Best Window Treatment Company by Best of My Buford/Suwanee

November 16, 2026

Cumming, Georgia - November 16, 2026 -
Bloomin' Blinds of Cumming & Johns Creek has been recognized as the winner in the window treatment category of the Best of My Buford/Suwanee 2026 awards program, which honors local businesses nominated and selected by community members across the Buford and Suwanee region.

The award recognizes businesses that residents identify as standouts within their respective industries. Winners across dozens of categories, spanning home improvement, health and wellness, professional services, and dining, were determined through community nominations and voting. Bloomin' Blinds of Cumming & Johns Creek earned recognition in the window treatment field, a category covering companies that provide custom window blinds, shades, shutters, drapery, motorization, home automation, exterior patio screens & awnings, and repairs to area homeowners.

The family-owned and operated company specializes in custom window treatments tailored to fit windows of any size or shape. The services include free at-home consultations through a mobile showroom, transparent pricing with free estimates, motorization and smart home integration options, and on-site repairs for shades,

shutters, and blinds. The company also offers window treatment solutions for light diffusing, room darkening, and temperature control, along with options designed with child and pet safety in mind.

Ashley Sasher, owner of Bloomin' Blinds of Cumming & Johns Creek, credited the recognition to the community the company serves.

"Being selected by local readers for this honor means a great deal because it reflects the trust of the neighbors we work with every day," Sasher said. "As a family-owned business, each project is personal to us, and this award reinforces the value of the relationships built across the communities we serve."

The company serves Alpharetta, Cumming, Johns Creek, Duluth, Suwanee, Buford, Sugar Hill,

Dawsonville, Dahlonega, Gainesville, Ball Ground, Flowery Branch, Jasper, Ellijay, and

surrounding areas.. Their approach centers on bringing samples directly to customers, measuring and installing treatments on site, and providing repair services that extend the life of existing window coverings rather than requiring full replacement.

Sasher noted that the recognition arrives as interest in motorized and smart home window coverings continues to grow among area residents.

"Homeowners increasingly want window treatments that combine style with everyday convenience, including motorized options," Sasher said. "This recognition encourages the team to keep meeting those evolving needs with practical, well-crafted solutions."

Those seeking recent project photos and updates can check out our window treatment Facebook page, which features examples of custom installations of window blinds, shades, shutters, and screens throughout the area.

The Best of My Buford/Suwanee 2026 program highlights businesses and professionals recognized by the community through nominations and votes, serving as a guide for residents and visitors seeking top-rated local services across multiple sectors. Residents interested in learning about the company's services can visit the website, where product details and consultation information are available.
