

A&M Roofing Highlights Sustained Five-Star Reputation Among Roofers Northern Virginia Homeowners Trust

November 17, 2026

SPRINGFIELD, VA - November 17, 2026 -
A&M Roofing, a locally owned roofing and exterior services company serving Northern Virginia for nearly two decades, has maintained its record of five-star customer feedback across home improvement projects completed throughout the region. A&M Roofing sustained an A+ rating with the Better Business Bureau, along with a collection of top-rated Google reviews, as evidence of a consistent standard of workmanship that has defined its work for close to twenty years.

The recognition reflects the company's performance across a full slate of exterior home services, including roof repairs, roof replacements, roof inspections, skylight installation, window and door replacement, siding, and seamless gutter systems. As a firm accredited by leading shingle manufacturers, A&M Roofing installs asphalt shingles, synthetic slate, flat roofing, and metal roofing, and it carries certifications that include Velux Certified Installer status for skylight work and Mastic Preferred status for siding projects.

Among roofers, residents have reviewed, A&M Roofing in Northern Virginia has accumulated numerous

five-star ratings that cite the quality of completed projects and the reliability of its service teams. One such review appears in the company's public Google listings, where homeowners describe their experiences with completed roofing and siding work.

Mark Collins, a spokesperson for A&M Roofing, said the company views its customer feedback as a reflection of long-term priorities rather than short-term results. "Maintaining a five-star standard over nearly two decades requires consistency on every project, regardless of size," Collins said. "Every roof, skylight, and siding installation is treated with the same attention to detail, and the reviews homeowners leave are a direct measure of whether that standard is being met."

The company's siding division has contributed to that record through its work with durable, low-maintenance materials. As a Mastic Preferred siding contractor in Northern Virginia homeowners have relied upon, A&M Roofing installs Mastic siding from Ply Gem as well as James Hardie siding, a non-combustible, weather-resistant product frequently selected for regional climate conditions. The company also fabricates seamless aluminum gutters on-site and offers Leaf Relief gutter guards designed to reduce clogging.

Collins noted that the company's membership in regional industry organizations supports its approach to quality. "Involvement in the Virginia Association of Roofing Professionals and the Northern Virginia Chamber of Commerce keeps the work aligned with professional standards in the area," Collins said. "That alignment is part of why the feedback has stayed consistent over time."

A&M Roofing also provides window and door replacement services aimed at improving home energy efficiency, working with ProVia and Simonton products. The company's skylight offerings include sun tunnels, solar-powered skylights with rain sensors, and skylight blinds.

A&M Roofing is a locally owned and operated company based in Northern Virginia, serving homeowners across the region for nearly twenty years. The company provides roofing, skylight, window and door, siding, and gutter services, holds an A+ rating with the Better Business Bureau, and maintains membership in the Virginia Association of Roofing Professionals and the Northern Virginia Chamber of Commerce.
