

## **SoCal Marketing Consultants say SEO Improves Visibility, Rankings, Traffic, Leads & Sales for Businesses**

*July 01, 2016*

July 01, 2016 - PRESSADVANTAGE -

SoCal Marketing Consultants out of Los Angeles, California is pleased to offer their new Search Engine Optimization Service (SEO) to help local businesses improve the ranking of their web pages on search engines' organic or unpaid search results pages such as those found on Google, Yahoo, and Bing for search queries related to your business, brand, product or service, which will in turn improve visibility & rankings; increase traffic, leads & sales, TBA.

"The service is delivered through Keyword and On-page SEO Research and Analysis, Account Setups, Business Directory and Press Release Sites Setup, On-site Blog and Authorship Configuration, On-page Website Optimization, Content Generation and Optimization, Content Distribution, External Blog Social Interaction," says Jeannine Barcarse.

"Doing SEO means increasing free targeted traffic or visitors to your website. Having a website is not enough. Search Engine Optimization means letting people and search engines know that your website exists. Which will get you higher visibility on search engines, giving you more traffic to your website and a higher chance of

getting leads, conversions and sales for your business," says Diego Valencia.

"SEO ranks highest, with growing importance as a source of leads for businesses. Higher than Social Media, Email, and Blogging," says Marketing Sherpa, ComScore, Nielsen.

More details about these services, perhaps including pricing tiers, available upgrades, any special offers etc., are to be announced on a near future date through press releases, their YouTube / Facebook Channels, and or Website. SoCal Marketing Consultants' SEO Service is part of a 1/2 off launch series that will begin sometime in July 2016.
