

Advanced Chiropractic Rehabilitation Announces Special Offer For New Patients

May 15, 2015

May 15, 2015 - PRESSADVANTAGE -

Advanced Chiropractic Rehabilitation, a chiropractic service in Thousand Oaks, California, has announced a special offer for new patients. By mentioning the coupon when booking in for their initial assessment, patients will get an exam and x-rays for just \$39, instead of the usual \$190. It is hoped that this will encourage more people to seek chiropractic services and get help for any physical issues they may have.

"Chiropractic services are incredibly beneficial," says Dr. Jon Scott from Advanced Chiropractic Rehabilitation. "However, too many people don't consider it as an option because they fear it is too expensive or because their insurance doesn't cover them. We hope that, through our special offer, more people will be able to get the help they need."

For \$39, people will receive their initial exam and consultation, as well as any necessary x-rays. The consultation requires no obligation. During consultation, Dr. Scott, who heads the Thousand Oaks chiropractic service, will explain the issues that a patient is facing and what kind of treatment would be beneficial and why. He will also determine whether or not a patient's insurance carrier is accepted by the clinic. Most carriers are.

After consultation, patients will be able to decide whether or not to accept the treatment that is recommended for them. As can be seen on jonscottdc.com, the clinic offers a range of different treatment options. These include chiropractic care, prenatal care, technique choices, corrective care and exercises, nutritional and supplement support, spinal and postural screenings and custom orthotics. Besides these, the clinic runs workshops for those involved in the field of chiropractic care and they are committed to giving back to the community.

"We want to help the community as a whole," adds Dr. Jon Scott. "This means that, on the one hand, we want to help individuals achieve greater health through chiropractic care and by giving them advice and support on their nutrition and supplements, but that we also want to support charitable causes. As such, we currently support Manna for Thousands Oaks, Toys for Tots, Make-A-Wish Foundation, Senior Concerns - Meals on Wheels and the Wounded Warrior Project."

Advanced Chiropractic Rehabilitation is known for its excellent quality of care and for honesty as a service providers. If patients arrive with a problem that they are unable to provide help for ACR will not treat them. They have helped thousands of patients to date and these have all left highly positive reviews, thanking the staff at the clinic for their fantastic work and the results that they have been able to deliver.
