Sanford, FL - Readers have been talking about the newly released alpha billionaire romance box set from Caitlin Rain. The romance novels for Kindle entitled ?The Onyx Room? are currently the number one best seller in the Contemporary Short Stories Category on Amazon.

?This is truly testament to the love my readers have for the books in each series. I want to say a big thank you to each and every person that has purchased or read my books on Amazon,? remarked Caitlin Rain.

The box set features three different titles in the romance genre. The novels include the steamy thriller ?Exotic?, the comedic and fun tale ?Wild? and the intriguing story ?Five Week Fiance.?

Rain?s alpha billionaire romance box set has been getting some positive customer reviews on Amazon. The readers have mentioned how much they like the storyline of each series and the interesting characters.

One five star reviewer Jennifer Duke explained why she liked the books and recommended it to other readers. She stated, ?I loved this book. I should say I loved all three of these books. The first book is about Caroline and Eric. It's very fast paced and full of twists and romance. The second book is told from three perspectives - Natasha, Marty and Joshua. This book surprised me the entire time I read it. I enjoyed all three characters' voices and journeys; one of them is extremely creepy but still a fun read. My favorite was the third book! Eli and Angela. A fun, romantic and passionate read that I took down in one sitting. Read it now, what are you waiting for??

Another five star reviewer Brenda commented, ?I was so into these books. I didn't want to put them down until I finished each and every one of them. I will have to read more books by Caitlin Rain, and hope that they are as good as The Onyx Room. I'm very happy that I gave them a chance. They made me happy and sometimes sad at the same time but always had a very happy ending."

Rita Johnson remarked, ?Caitlin you have done it again with these romance books and these fantastic, crazy characters; with Natasha and both brothers and then with crazy Caroline and her split personality. Fantastic!?

The alpha billionaire romance box set best seller can be purchased for $0.99 on Amazon. It is free for readers subscribed to Kindle Unlimited.
