

Michael A Crist DDS Announces Invisalign Orthodontics Patient Appreciation Party And Spring Contest

May 27, 2015

May 27, 2015 - PRESSADVANTAGE -

The Texas-based orthodontic practice of Michael A. Crist DDS has announced a patient appreciation party Invisalign orthodontics clients can take part in. This includes the practice's Spring contest, which will provide a lucky winner with a child or adult Oral-B toothbrush kit, which values at \$85 to \$140.

The contest, which is being featured on the Michael A Crist DDS Orthodontics and Invisalign Facebook page, and can be found at www.facebook.com/drmichaelcrist, ends on July 5, 2015. At that time a winner will be chosen, so the practice is encouraging all those interested to enter now by sharing the page, and guessing in the comment section how many items are in the can.

This dental practice has been serving the local community for more than thirty years and offers services to the Spring, Klein, and Northwest Houston area. It specializes in pediatric dentistry, Invisalign, and orthodontics. For new or current clients of the practice that are considering orthodontic services, Michael A Crist DDS Orthodontics and Invisalign offers free consultations and also has a records special ongoing that waives the \$129.00 records fee if the treatment begins on the same day of the consultation.

The company website, found at www.michaelcristdds.com, offers a number of incentives to those seeking pediatric dentistry and orthodontic services including an informational FAQ section, instructions for Invisalign, elastics, and retainers, along with new patient forms, and links to a variety of social media accounts which offer incentives.

Dr. Crist and his team encourage patients in the area to like and follow their Facebook page for more upcoming activities throughout 2015, and also to call or contact the practice via e-mail or the phone to discuss dental options and book a free consultation. A staff photograph can also be viewed on the website, along with a short write-up about Dr. Crist and his practice. This mini-biography describes Dr. Crist as follows:

"Dr. Crist is a preferred provider with Invisalign. He has been making beautiful smiles in the Spring, Klein, Cy-Fair, and Northwest Houston areas. Dr. Crist received his Doctor of Dental Surgery from the University of Texas."

Appointments can be made online and patients of the practice are able to access their accounts through a secure login tool. The contest currently being held from now into July is open for all those who visit the Facebook page, and like, comment, and share. It is not restricted to those who have used the company's services before, although Dr. Crist and his team has stated that the contest is in an effort to show their patients in all areas that they are appreciated.
