

## **Perth Precast Concrete Products Company Launches New Website**

*July 18, 2016*

July 18, 2016 - PRESSADVANTAGE -

Jandakot, Western Australia based company, Action Solution, has announced the launch of its new website. The company provides precast concrete products for residential and commercial buildings, and offers years of experience in their industry.

A spokesperson for the company states, "We are pleased to announce that our newly designed website is now live. Customers can visit us online to find information about the precast concrete products that we offer. You can find everything you need to know about which of our products are best for your particular project."

The company states that their new site, which can be seen at [actionsolution.com.au](http://actionsolution.com.au), offers detailed information about their products and the areas that they cover. The spokesperson states that the site is very user friendly, and offers a good look at the products that the company offers in a website that is straightforward and easy to navigate.

"We feel that the design is very functional," says the spokesperson. "Customers can easily find their way through our information, and can contact us via the site to speak with a representative."

Action Solution precast products are used in a number of homes and businesses throughout the Perth region. The company designs and manufactures concrete that fits aesthetic concepts, as well as individual and commercial budgeting needs. They state the customer satisfaction is their main goal, and that offering an easy to maneuver website with more information about their range of products is one way that they are working to ensure complete satisfaction in customer experiences.

The company states that they offer products and services from start to finish for a number of concrete projects from design and engineering to delivery and installation. Their range of products offers benefits such as durability and quality, and they offer manageable timelines and cost effective solutions for residential and commercial construction projects.

Those interested in learning more about Action Solution or in connecting with them for further updates to their products or website can like the official Action Solution FB page. The company states that they regularly update their page with information related to projects, products, and company news.
