Pure Leverage, a business based in Schertz, TX, has released a new program that has been designed for those who like things on Facebook and who want to make money. People can sign up for a free account through www.fanpageincome.com, start liking and sharing, and, essentially, start making money.

Joel Therien, founder of Pure Leverage, says: "Facebook is one of the driving factors behind both social and commercial relationships in today's world. If you like or share on Facebook, you can make money. Our system, which you can sign up for at no cost, enables you to do that. I am, myself, involved in the world of fitness and network marketing and I have put those two skills together to create something that enables others to use the internet to their advantage."

Joel, as can be seen on his Facebook page, https://www.facebook.com/joelftherien/, shares regular information with his loyal fan base on issues relating to both fitness and network marketing. His goal is to assist others to become a success online, through the various tools that are available. He believes in positive affirmations, empowering people to seize the moment and make the most out of themselves. In so doing, he has nearly 70,000 followers, who feel inspired by his messages.

"Anyone who is on Facebook needs to get on board with this program," he adds. "By believing in yourself, you can achieve anything you want. Today's forecast, and every day's forecast for that matter, is 100% chance of winning. And if you sign up for my program, that chance is increased even more. And yes, I know that is statistically impossible."

The Fan Page System, as it is known, is now available for installation. No credit card is required to sign up for it, as it is completely free. Joel has encouraged people to install it and get started with it, and to let him know about their experiences. Joel is always there to answer questions and to provide further positive affirmations to anyone who feels they are in need of a little pat on the back.
