

Pro Pad Announces Popularity Of "United We Stand" Motorcycle Flag

July 28, 2016

July 28, 2016 - PRESSADVANTAGE -

Mooresville, North Carolina based Pro Pad Inc. has recently added the "United We Stand" motorcycle flag to their product lineup but the company has now revealed that this particular motorcycle flag has quickly become a favorite product among patriotic customers. The company explains that the flag is designed to promote unity in the United States and its popularity can be accounted for by people realizing the need to be united.

Mike Enzwiler, President of Pro Pad, says, "Recent events remind us that we need to band together as a nation. Our United We Stand motorcycle flag is designed to show that we are unified; we are one."

Enzwiler says that many customers have contacted the company to express their appreciation for the overall design and message that the flag is trying to impart. Available in a six by nine inch and ten by fifteen inch sizes, the flag is made from a UV coated poplin and is heavy duty, ensuring it stands up to riding. The flag sleeve accommodates most three eighth inch diameter poles, and is completely cut, printed, and sewn in the USA.

"That's our thing," says Enzwiler. "Everything that we sell is made in the United States."

The flag, which can be seen at <http://www.thepropad.com/united-we-stand-eagle-motorcycle-flag/>, represents pride in America according to Enzwiler, and he states that customers have indicated that they feel the same way. The "United We Stand" flag has become one of the company's top sellers since it was launched just a short time ago. The company states that their overall goal is to provide quality motorcycle parts and accessories to their customers, and they feel that this flag not only does that, but offers a bit of pride for those flying it as well.

Pro Pad Inc. is a family owned and operated manufacturing company that produces and sells a variety of parts and accessories for motorbikes. Their motorcycle flags have become very popular over the years, as they allow riders to express themselves in a unique way. Enzwiler says that this flag definitely gives riders the ability to express how they feel about the country that they call home, and he hopes that more riders will choose to fly the "United We Stand" flag as a symbol of the nation coming together as one.
