

Free Service Kit For New Customers

July 25, 2016

July 25, 2016 - PRESSADVANTAGE -

Bauer Hellas has announced that they now offer a free service with every new Bauer heating system. The company states that solar energy systems need maintenance to keep them operating efficiently, and a well maintained system is more efficient. It heats water faster using less resources. A well-maintained system has a larger life span as well, they add.

The service kit includes: a full system inspection, magnesium rod replacement, antifreeze fluid change, boiler cleaning and sealing washer replacement.

To learn about the products that Bauer Hellas has to offer and take advantage of the free service kit offer, [click here](#).

Bauer was founded in 1986 by Dimitrios Paterdis, when he returned to Greece after studying Mining and materials behavior in S.L.V. Berlin, with the main aim of starting a Greek company that manufactures solar water heaters and solar heating systems.

Bauer solar systems are certified by ISO 9001: 2008, ELOT and the Democritus research center (129752/ISO9806-1, reg. number 1165).
