*August 01, 2016*

August 01, 2016 - PRESSADVANTAGE -

LizzieShop is celebrating its debut into the online kids clothing world. The company creates a number of handmade items and is especially proud of its Adorable Minnie Summer Dress for Girls. The dress comes in various patterns containing the beloved cartoon character, as well as a polka dot pattern which represents the dress Minnie wears. LizzieShop invites everyone to follow them through their social media account at <https://facebook.com/AdorableKidsClothing/> for reviews, promotions, and updates.

This summer, the company has decided to offer free shipping. The shipping policy covers all items, even the popular Minnie dress, and is available to customers across the world. Customers receive a tracking number via email, and the product arrives two to four weeks later. Approximately two days after the order is placed, the package can be tracked as it begins to be processed. The company hopes that this reduction in expenses will help create loyal customers of those who have already visited the site, and attract new clients as well.

The new store has taken a firm stance on customer satisfaction, offering a 100 percent guarantee on every item available through the store. LizzieShop writes: "We believe that serving our customers comes with a responsibility to actively make sure they are content with their purchase. We are dynamically striving to be

the best online store possible, with the best products to offer, and top notch customer service. Customer satisfaction is one of our top aims, so we put in a lot of effort to make sure each of our customers are happy."

Babies, toddlers, and boys and girls clothes are available, with some special items for adult men and women too. Shoes and similar accessories can be ordered based on availability. Those interested in viewing the company's catalog of handmade goods can do so by visiting the main website at <https://lizzieshop.com/>.

From the website, customers can shop, check out LizzieShop's list of frequently asked questions, and learn more about the company and their values. The store's contact information is also available from this page, and customers are encouraged to get in touch with questions, concerns, and positive feedback.
